### A shocking experience!

"Scuff your feet on the carpet and ZAP your ster." With those words Anil Dosaj was well sister." With those words Ami Dosa, was wein on his way to demonstrating how static electricity works. Anil, 9, represented Madoc Town-ship Public School and was declared the Overall Grade 4 champion at the Quinte Regional Science Fair held at the Quinte Mall on March 28. His sister Jayna was a willing participant in the experiment. Other students from Madoc Township Public School also placed first in their respective categories at the Science Fair. They were: Lisa White, Grade 5, Growing Crystals; Robert Harman, Grade 4, Wing design; Erin Toner & Katherine Cole, Grade 5, Pillar strength. Photo/Nancy Powers

### Cardboard waste a problem: Harrop

by Jeff Wilson

Madoc Village residents are doing a good job reducing their garbage, but commercial cardboard is a problem according to Councillor Crich-ter Harres ton Harrop

ton Harrop.
Harrop presented his observations to council last Tuesday, after riding the garbage truck for the day on March 16.
The village has made a great turn around in waste disposal because of better recycling and composting. Harrop said he only noted three residences that had more than three bags out at the curb.
In the area of commercial

In the area of commercial cardboard, Harrop said a few local businesses have large amounts of cardboard going to

the landfill site.

Harrop told council he had two ideas to solve the problem.

He felt council should either refuse to pick-up cardboard altogether or ask the busines-ses to take on the responsibility of transporting the cardboard to the landfill site themselves. He said that one local busi-

He said that one local business already has an alternative plan in place.
"I think it is critical to get cardboard out of the waste stream." Harrop said.
Harrop has asked to meet with the Madoc Business Association to discuss the card-board problem.

ciation to discuss the card-board problem.

As for twice a week commer-cial pick-up, Harrop said coun-cil should maintain the service in an effort to keep the environment clean.

He said twice a week pick-up is especially needed in the summer to service the restaurants.

#### Village Fire department want manpower maintained

by Jeff Wilson

The Madoc Village Fire Department must maintain a Department must maintain a compliment of at least 17 fire-fighters to properly service the municipality, according to the department. Fire Chief Roger Snider and Fireman Harry Todd made a

Fireman Harry Todd made a presentation to council last Tuesday, stating that the department needs to maintain at least their current department number of 17 firemen.

The department was responding to council's proposal that would see the number of village firemen decrease from 17 to 15 through attrition.

In his report to council, Todd said reducing the department to 15 would jeopardize the safety of the men and the village residents.

He stated the reduction could

He stated the reduction could see a rise in village residents' fire insurance premiums. In his report, Todd also told council that because of foams, plastics, carpets and panelling fires now can reach 900 degrees centigrade in just 10 minutes. He added that fires teak 20 minutes to reach that

minutes. He added that fires took 20 minutes to reach that temperature 20 years ago. Snider told council the department needs seven fire-men to operate a pumper

#### **Centre Hastings Cadets** receive Gold Stars

Five Cadets of No. 385 Royal Canadian Army Cadets of Centre Hastings earned the highest element of training possible in a Cadet Corps, the Gold Star. Sgt. Jennifer Pell of Marmo-ra, Sgt. Jennifer Preston of Tvanhoe, Sgt. Shane Shalla of Tweed, M/Cpl Steve Thompson

of Marmora and M/Cpl Jason Vye of Marlbank were selected to try for, and passed, their Gold Star tests, recently.

## LETTER TO THE EDITOR

Dear Editor:

Miss Birket, my Aunt Agnes, died this week, the last of a select society: The children of Mary and Lawrence Birket. They did their Mum and Dad proud. They all did. After rubbings and robbings, caresses and clouts life gave them, at the end of all of it were the legacies of love from the shining men and women they were ing men and women they were

ing men and women they were meant to be. But my Aunt Agnes was the last of an even more select society: The Birket Girls. When they were together, no

persons could talk faster. laugh longer, make the very room shimmer with joy and

THey danced divinely and they cooked superbly and they kept the Faith.

And when it came to loving

they really outclassed the field.

They came from Madoc and they took their love and laughter to Kingston and to London and to Detroit, Michigan.

Loyal spouses, loving liends, dear mothers, cherfriends, dear ished sisters.

We pay tribute to you all:

### Grand Chapter officers of the Eastern Star Order visit Madoc

On March 18, 1993 the Chap-ter Members of Madoc, Marmora and Tweed honored our Worthy Grand Matron and our Worthy Grand Matron and Worthy Grand Patron together with their Grand Chapter Officers. The Officers of all three Subordinate Chapters

three Subordinate Chapters acting in conjunction with each other made the meeting run smoothly and efficiently. The Grand Chapter Officers present were Mrs. Sandra Bain, W.G.M., North Bay, Mr. Norman Roberts, W.G.P., Belleville, Mr. Howard

Hazzard, Associate Grand Patron, London, Mrs. Ruth Wales, Grand Secretary, Osha-wa, Mrs. Janet Lansdell, Grand Conductress, Timmins, Mr. Donald Jones, Grand Sentinel, Peterborough, Mr. Peter Christie, Grand Chap-lain, Rexdale, Mrs. Mary Campney, Grand Organist, Trenton, and Mrs. Judy Taylor, Grand Electa, Ottawa.

Past Grand Matrons present were Mrs. Mary Barton, Madoc, Mrs. Connie Mundell, Orillia, Mrs. Vera Heffel, Otta-wa, and Past Grand Patron, Mr. James Heffel, Ottawa.

Our Worthy Grand Matron, and Worthy Grand Patron honoured all three Chapters by appointing Mrs. Chris Ellis as a Grand Page, of Madoc, Mrs. Dianne Cole as Hostess and Mr. David Dexter as Grand Guard of Marmora, and Mrs. Ruby Colden as a "Shimmering Light" of Tweed, for Grand Sessions to be held in August. A good social hour enjoyed by the 150 people present finished off a fine meeting.

## YOUR LOCAL REAL ESTATE AND CLASSIFIED MARKETPLACE

Sugar bush hospitality: The sweetness of spring is redoubled after a trip to the local sugar bush and last week students from St. Paul's School in Norwood visited the Hawthorne Sugar Bush near Warsaw. Their tour, conducted by Henrietta Blokhuis, a Forest

Recreation student at Sir Sandford Fleming College, coincided with the first glimmer of refreshingly warm weather. Family tours of the sugar bush continue again this weekend Conditions at the sugar bush last weekend were almost ideal. Bill Freeman/Photo

An Easter weekend treat...

#### 'Fore!' Yes, folks, it's golf time as Oakland Greens hosts open house

Norwood - So, Mother Nature

Norwood - So, Mother Nature played a nasty trick on area golfers this past week. She teased them with an exceptionally balmy few days and then smacked them over the head with a perverse mixture of rain, snow, ice and wind.

Well, set aside your resentment because Oakland Greens Golf and Country Club in Norwood is hosting its annual open house this Saturday afternoon. Getting together with fellow golfers and Oakland Greens staff will certainly go along way towards cheering up along way towards cheering up the snow-frazzled and winter-

along way towards cheering up the snow-frazzled and winter-dazed amongst us.

The open house (April 10) will run from 1 pm to 4 pm. Visitors to the Club will have a chance to talk to owners Bill and Dorothy Muir, General Manager Dick Burgis, Pro Shop Manager Mariyln Wharram and Greenskeeper Bruce Wharram. They will also meet new Head Chef, Lisa Cekon.

Members and guests will also learn more about the Club's tree planting, its green-rebuilding efforts (the 2nd and 6th holes) and the drainage work done in front of the 2nd and 15th greens. Work on the links also included raising the tees on all front nine holes and the addition of a new pond west of the 10th green.

the addition of a new point was of the 10th green.

There is also a new computer system designed to calculate handicaps and league and tour-ney results and a 54 inch TV in the Club '19' lounge.

You might want to check out the fleet of 30 new Yamaha power carts.

General Manager Dick Burgis has also released a list Cont'd to page 9A

Mike Moore hattrick helps...

#### Jr. Knights topple Trenton to claim 'B' championship

Campbellford - The Norwood District High School Junior Knights hockey squad served notice that NDHS will be back next year with some hockey firepower after they dropped a big Trenton team 5-3 to take "B" title of Campellford's under-16 tourney. This was the Knights first venture into the world of junior high school hockey and they had a more-than-successful showing against teams from Fenelon Falls, Trenton, I.E. Weldon, Lindsay Collegiate, Kenner, Napanee and the host Flames.

#### Knights 5, Flames 2

In their first game against the Flames the Knights came out skating, hitting and taking the puck to the net until Eric Wilson, from John Van Allen, put the team on the board. Two more quick goals from Bryce Levesque (assists to Brad Walst and Jason Stockdale) and Van Allen (from Dave Donald) gave the Knights a nice lead. Clayton Heffernan made it 4-0 with an unassisted goal.

The team seemed to slow down after Heffernan's mark-er allowing the Flames a chance to pick up their game. Goals by Brad Hutchinson and

Goals by Brad Hutchinson and Ian Petty cut the lead to 4-2. Kirk Snetsinger's goal with 3:53 left to play in the game iced the match for the Knights. Heffernan helped out on the insurance marker.

Excellent goaltending from Mike Buchanan and strong defensive play made the difference in the game.

#### Wildcats 4, Knights 2

Norwood's next outing against I.E. Weldon Wildcats was played at the same level of intensity

intensity.

The Knights opened the scoring with a goal from Kevin Larmer. He was helped out by Ryan White and Brad Walst.

The Wildcats bounced back with two of their-own (by Craig McGill and Norm Hatch) to take a 2-1 lead before Kirk Snetsinger, from Brendan Laurie and Clayton Heffernan, evened things up.

evened things up.
Penalty problems allowed Cont'd to page 6A

Power over Stress

"Empowering Yourself" was the topic by Fraser Rose of Trenton to disabled people at the PUSH Annual general meeting in Kingston March 12th. He gave six steps about how people get power over stress in their lives.

Step 1 - Stress comes from thoughts and the way we react. We can control how we think.

Step 2 - Each person is born worthy and must keep positive self esteem.

Step 3 - Even if you don't have anything to laugh about, laugh out loud often. It relieves

Step 4 - Love yourself and help

Step 5 -He saw PUSH members as real fighters. That spirit

Step 6 -Diet is important in digesting. We burn 75% of. digesting. We burn 75% of protein, 50% of carbohydrates and about 5% of the fat. This shows that we should eliminate fat intakes

#### Enhancing immunity

To further enhance immuni-To further enhance immuni-ty over stress of people who had great challenges, Mitchell was pinned under a motorcy-cle. He lost fingers and was very badly scarred. Mitchell develped a personal motto. "It's not what happens to you. It's what you do about it that counts." Mitchell's first laugh came when the doctor looked at his nicture on his driver's came when the doctor looked at his picture on his driver's licence. The doctor, preparing for cosmetic surgery, looked at the picture and said, "I can do better than this." Frequently better than this.

Mitchell repeated his motto. Then he developed a successful wood stove business. Fraser Rose was introduced by- Aureen Richardson and Doris Turner of Cornwall said. "That topic made an excellent beginning to our PUSH'S 3-day conference." conference

Thank you Aureen for the Power over Strees information.

Thought for the day: Some husbands know all the answers. They've been listening for years.

New bill could make it more difficult for young smokers to purchase cigarettes

Cancer Society news:

by Wilma Brady A number of activities by the Canadian Cancer Society are reported in the latest issue of the "Daffodil News", a news-letter from the Ontario Divi-

sion of the Society. Research is

sion of the Society.
Research is being conducted, sponsored by a CCS Fellowship, on understanding the symptoms of lung cancer patients so treatment can be made more precisely.
A teacher from Quebec, Olive Carter, left a bequest to Candlelighters Canada to establish and administer bursaries for youth who have survived childhood cancer. The bursaries of \$100 each are The bursaries of \$100 each are offered to young people between the ages of 17 and 25 to pursue post-secondary educa-tion in the field of their choice.

The deadline for application for this bursary is May 1. Anyone qualifying should contact Candlelighters Canada at 416-926-1374 or write Suite 200, 10 Alcorn Ave., Toronto, Ont., M4V 3B1.

Federal Health Minister Benoit Bouchard introduced a bill on a Feb. 4 that would

#### THE INTREPID SNOWMOBILER

Get ready

"The weekly newspaper column for snowmobilers."

### (c.1992 by Craig Nicholson. All Rights Reserved.)

A winter of momentous A winter of momentous snowmobiling events is drawing to a close. The first year of the \$20.8 Million SNO TRAC partnership between the provincial government and the Ontario Federation of Snowmobile Clubs (OFSC) is complete. New snowmobiling and winter tourism marketing campaigns are underway. The RIDE SAFE, RIDE SOBER message is reaching new levels of acceptance. And more Ontarians are snowmobiling are snowmobiling are snowmobiling that the same shades are snowmobiling to the same snowmobiling that the same snowmobiling that the same snowmobiling that the same snowmobiling that the snowmobiling the snowmobiling that the snowmobilin

Ontarians are snowmobiling than ever before.

OFSC trail permit sales increased dramatically in 1993 and sled sales went through the roof. The annual OFSC Snow roof. The annual OFSC Snow Fest in Haliburton was a sold-out smash. Many groomers were added to our already impressive fleet, and Ontario trails were better, safer, more

trains were better, safet, flore accessible and more heavily travelled than ever before.

All in all it was a boom season, but all good things must end and this writer is must end and this writer is heading out to squeeze as many last rides as possible into an already incredible winter of snowmobiling. And to start to dream about next year.

dream about next year.
But for avid snowmobilers, the truth is that the season never has to end. Almost before the last snow has melted, decisions must be made about what sled to ride next winter. If the past two years are indicative, spring is the time to choose. By fall, many models are sold out, and late comers end up scrambling late comers end up scrambling for sight unseen leftovers.

for sight unseen leftovers.
Incentive deals can be had in the spring and summer which diminish or disappear come fall. Also, the only autumn opportunity to view new snowmobiles is at the various snowmobile shows, but that's too late to get the best price, or likely even the sled of your

dreams. Manufacturer production quotas are set by pre-season interest and orders, so

creams. Manufacturer production quotas are set by ereseason interest and orders, so ante up early.

Spring is decision time. Most of the manufacturers will be holding spring open houses to show 1994 models and your local dealer will be able to tell you where and when. You'll never get a chance to actually ride before you buy, but at least you can sit on one, imagine snow and go "vrrrooommm!" to yourself. Remember, bank managers like people who plan ahead.

Maybe you want to keep your sled for another season. If so, storage precautions can prevent nasty surprises next winter. Try to run the gas tank as low as possible on the last rides. Add gasoline stabilizer to the remainder for the final ride. Store the machine with the back end raised to take weight off the suspension. Shut off the gas line valve used in trailering. Run the engine until it stalls out. Pull the plugs and squirt the cylinders with a storage spray. Pull over the engine gently 10 times. Spray and pull again. Repeat monthly throughout storage.

Lubricate all grease and oil points according to the owner;

Lubricate all grease and oil points according to the owner's points according to the owner's manual. If possible, store inside, but at the very least cover and tarp your sled. Remove anything remotely resembling nesting material from the engine compartment. Remove the key from the ignition and lock the machine, preferably with both a track lock and with a case hardened steel chain to some immovable object. There's no seasonal object. There's no seasonal statute of limitations on snow-

mobile thievery.

If this winding-down process proves too traumatic, the pain can be eased considerably by volunteering to work for your local snowmobile club during the off-season. The summer

replete with planning meetings for new maps, trail develop-ment, social events, and fund raising. By keeping busy and in touch with your favourite in touch with your favourite activity, you can make that old summer just breeze by You'll also be amazed by the amount of time, effort and organization that goes into making a snow-mobiling winter successful. Talk about the tip of the iceburg!

Talk about the tip of the iceburg!

By September, the new season is underway. Most years two SNO TRAC projects will be underway and Ontario's 288 snowmobile clubs will be attending the annual OFSC convention September 11 and 12, 1993 in North Bay. Then it's on to the International Snownobile and ATV Show. October 1 - 3 at Toronto's International Centre and "The World's Largest Snowmobile Show", The Produmax Snowmobilers Largest Snowmobile Show', The Produmax Snowmobilers Show at the Markham Fairgrounds October 15 - 17th. The OFSC's 2nd Annual "GET READY, FOR, SNOWMOBILING WEEK" is November 22 - 28th. 1994 trail permits must be bought by DECEMBER 1ST to receive the discounted price of \$65. After that, it's winter all

receive the discounted price of 85. After that, it's winter all over again!
Reading this, I feel better about this winter's end already. But it ain't over 'til it's over and I'm off to the boonies to find that last unmelted drift, that remaining unmetted drift, that remaining trace, that skiffle of white that spells one more ride and one more story to tell. See you-sooner than you think. Happy trails, and remember, RIDE SAFE, RIDE SOBER.

Jr. Knights topple Trenton to claim 'B' championship

Close range: A member of the NDHS Junior Knights fights for the puck near the Trenton St. Paul's goal mouth during the "B" final of Cont'd from page 1A

Weldon to take the lead and an

Weldon to take the lead and an empty net goal by Chris Cross left the Knights on the short end of a 4-2 score.

Jamie Snow played a strong game in net but just couldn't finish at the other end of the circle.

Knights 5, Trenton 3

Norwood's record put them into the "B" final against the big St. Paul's squad from Trenton. St. Paul's Neil Hurnest

opened the scoring forcing Norwood into a catch-up hock-ey mode. The Knights pulled even on a nice goal by Mike Moore (on his way to a hattrick). Dave Donald earned the assist.

tne assist.
Moore's second marker,
from Eric Wislon and Jason
Stocdale, put the Knights out in
front but two quick replies
from St. Paul's erased
Norwood's go-ahead efforts.
Norwood and the conclient

Norwood's go-ahead efforts.
Norwood got the equalizer
from Ryan White, assisted by
John Van Allen, and followed
this quickly by a goal by Kevin
Larmer. Van Allen and Jon
Quinlan chipped in on the
marker.

Tuesday's Campbellford Junior high school hockey tourney. Norwood beat Trenton 5-3 to take the "B" title. Rolly Ethier/Photo

Trenton pressed hard but Buchanan was unbeatable from that point on. Moore's empty-netter with ten seconds to play put the game out of reach

to play put the streach.

The only Knights player who didn't figure in the scoring during the tourney was Barclay Begg who played a strong and commanding role on the

defensive front.
The Junior Knights would

like to thank Paul Quinlan and like to thank Paul Quinian and family for some sponsorship, Rob Walsh and Jeremy Partington for helping coach and Sr. Knights coach Leith Rhodes for his teacher-liaison

Head coach Al Partington is proud of the way the team

played.
"It was ho; ckey as it should be played," he said.

#### Rylestone Women's Institute learn about genealogy research

Are you interested in your

roots?
Pat Solmes of Foxboro was guest speaker at the March 4th meeting of the Rylestone Women's Institute. It was held at the home of Dorothy Thom-

son. Tweedsmuir history cura-tor, with families also present. Pat has been working on genealogy for several years and finds it to be an interesting hobby. She said that although it was time consuming and expensive it was also a reward-

ing experience.

Members were encouraged Cont'd to page 8A

to check out their roots. Mrs. Solmes recommended writing your family history down by your family history down by finding out as much as possible from relatives. Check cemetery records, libraries, archives and museums to collect further data. When visiting a cemetery, write down all the same names, not only the ones you know are only the ones you know are related, as one might be a good

#### Rylestone

Cont'd from page 6A

source of informatiopn. Prior source of information. Prior to 1900, records only had the basics. Family stories were valuable but not always accurate. Due to family feuds or people immigrating from one security to prother, pages or country to another, names or spellings were changed for protection.

Census not always had the true age. Rawdon, 1851, is

missing because of a fire. Land missing because of a fire Land Registry Offices and Assess-ment Offices are very good for property information. Pat also had a display of books on counties and many other books to search out fami-

ly names. She also passed out leaflets of archives and libraries with addresses and other

ries with addresses and other information.

The roll call, "When Was Your House Built and by Whom", was well answered,

some dating back to the early 1900s and before and up to the 1990s. The Tweedsmuir History books and scrap book were also on display. Dorothy Mandryk and Jean Tilney gave an up-to-date report on the wall hanging.

The April 7th meeting is the Institute's annual meeting and

Institute's annual meeting is the Institute's annual meeting and will be in the form of a potluck dinner, at the home of Mrs. Austin (Violet) Dune, at 12:30. Roll call is pay membership.

### Percy requests removal of silt from Mill Pond

Councillor Don Dudley of the Township of Percy appeared at a recent meeting of the Lower Trent Region Conservation Authority to question the oper-ation and maintenance of the Warkworth Dam and Mill

Pond.
The Township has asked to have the silt removed from the pond to provide for more water storage to fight fires during the winter months. And council would also like to have the fire

would also like to have the fire department remove logs without the LTRCA's assistance. A motion was approved that LTRCA general manager Jim Kelleher meet with the Township of Percy regarding the dam and pond and report back to the full authority. Approval was adopted that the LTRCA support the eight recommendations from the North American Wetlands Conservation Council regarding the present Tax Aspects of ing the present Tax Aspects of Ecologically Sensitive Lands Marilyn Bucholtz reviewed

the LTRCA's 25th anniversary the LTRCA's 25th anniversary committee report with the members. She noted that a number of events are being planned, including a banquet on June 17th at the Creekside Banquet Hall in Brighton.

Banquet Hall in Brighton
Kelleher outlined the
ACAO's draft submission to
the commission on Planning
and Development Reform, the
Sewell Commission. Members
voted to endorse the ACAO voted to endorse the ACAO Draft Submission to the reform commission, with the excep-tion of the sections on lot creation, and the septic system and waste disposal policy.

Matt Craig made a presentation on the current and future
applications of the Geographic
Information System. He
referenced work presently
being done for the TrentSevern Waterway, the city of
Trenton, the Rural Diffuse
Source Program and future
applications on Mayhew Creek

Cont'd from page 8A

the Lake Ontario

Facilitator Barry Jones outlined the role of the Conservation Authority with the Bay of Quinte Remedial Action Plan, and explained the Rural Plan, and explained the rural Diffuse Source Program as it will apply to the watershed of the Bay of Quinte. Randy Vilneff and Kelleher made a presentation on the Trent River Flood Forecasting

Program. It was noted that the LTRCA now has a 24-hour flood emergency phone number available to the public. Anyone having any concerns about flooding situations along local waterways and the Lake Ontario shoreline can call (613) 394-4829 any time of day or night.

or night.
Chairman Don Clarke
reported on the Eastern
Region Chapter meeting of the

ACAO held in Kingston on March 4th. The LTRCA's Draft Conser-

vation Strategy has been sent to all the municipal councils for their review and comments. Kelleher is hopeful of being able to present the Draft Strategy to all 17 munici-pal councils before the full authority meeting in May:

#### New bill could make it more difficult

Cont'd from page 2A.

- replace an old fines schedule for wendors which only had a maximum fine of \$100.

A discussion paper outlining proposed legislative and regu-latory changes was released in the Ontario Legislature on Jan. 18. The proposals contained in the paper include new initia-tives to make it more difficult for children and teens to start

For example:

-- establishing a minimum package size to discourage the sale of five or 15 cigarette "kiddie packs";

insuring adult supervision of cigarette vending machines; — raising the age for the legal purchase of tobacco from 18 to 19;

making retailers responsible or selling tobacco only to

those of legal age and for posting health warnings and age limits on their premises. The proposals also target second-hand smoke. The Ontario Ministry of Health states it's vital to prevent young people from starting to smoke because, once they start they can easily once they start, they can easily become addicted to nicotine for the reminder of their lives.

#### **Memoriams**

ELIS. In memory of a dear husband. If Elis, who passed away April 12, 1991 is the passed away April 12, a golden heart stopped beating. A golden heart stopped beating. God broke my heart to prove to me He only takes the best A million times I've needed you. A million times I've needed you. A million times I've cried. If love could have saved you. You never would have died. Lovingly remembered by his wife Evelyn.

IZZARD E JOAN in loving memory of a wife. mother; grandmother who passed away April 4, 1997, 2 days for thoughts of you will never fade. Sadly missed, always remembered, by husband John Jamry, Paul, Johnny, Natiry, Rusby, Lorna, Loue, Ted, Benda, Aaron, grandwiss Bran, Mystina, fleebecca, Allison,

IZZARD. Joan (April 4, 1992). Izzard. Janie (February 5, 1992). We think of you in silence. We often speak you'n names. All we have are our on their trames. And you's large with sadness. Our silent tears still flow. We miss your love and warmness. How much you'll never know! Sadly missed by Russell, Lorna, Rebecca and Allison.

STEWART, PAT C. - In loving memory of Pat who passed away April 7, 1992. who passed away April 7, 1992.

My lips cannot tell how I miss her.
My heart cannot tell what to say.
God alone knows how I miss her,
In a home that is lonesome today.
Sadly missed by husband Don.

#### Auctions

#### **NEW & USED** APPLIANCE SALE **RUNNING TILL** THANKSGIVING WEEKEND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor notors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just pur chased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners

Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for vourself our very clean & modern appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price.

WE JUST DON'T SELL APPLIANCES. WE GUARANTEE THEM AFTER THE SALE

#### Volunteers are cornerstone of the Canadian Cancer Society

by Wilma Brady
Noting National Volunteer
Week is from April 18-24, Stella
Bennett, president of the
Marmora & District Cancer

Marmora & District Cancer Society, expresses pride and appreciation of the work done by the approximately 60 volunteers in this arena. This is especially evident when the annual canvasing and fundraising takes place during April each year. The continued involvement and concern enhances the quality of life of people living with cancer.

The Ontario Division of the The Ontario Division of the Canadian Cancer Society says, "Volunteers are the corner-stone of the Society, Volun-téers are particularly impor-tant at the local community level: They ensure each unit's success in offering programs and services to cancer patients, their families and the

general public."
The local volunteers are part of a family of 350,000 volunteers in Canada who are working to eradicate cancer.

Anyone wishing to join the

local team should contact one of the following members: Stella Bennett, president: Jennie Killian, treasurer: Jennie Killian, treasurer, Cathy Wren, patient services, Anne Terrion, transportation, or Wilma Brady, education.

#### Construction starts soon on seniors' apartment in Trenton

Construction will begin soon in Trenton on a 50-unit apart-ment building for senior

titizens.

The federal and provincial governments will provide \$4.2 million for the construction cost of the development. The funds are covered by a CMHCrunds are covered by a CMITC-insured private sector mort-gage, with the governments of Canada and Ontario providing yearly subsidies to help with the operating and carrying

operating and carrying costs.

Quinte MPP Hugh P. O'Neil said 35 of the 50 apartments are expected to be allocated for needy households. "With economic times the way they are, it is our job as politicians to group together and try to help those people in our communities who are in less fortunate positions," he added. The development is located at George and Herman Streets in Trenton and is being sponsored by the Trenton Ontario Branch 110 Legion Non-Profit Housing Inc.

The province is to provide subsidies for an additional four apartments, expected to be made available with rents based on household incomes. based on nousenoid incomes.

The remaining 11 units are expected to be made available at the market rental rate.

The total annual operating subsidy for this project is estimated at \$368,000.

"I want to continue urging Bob Rae's government to provide a more balanced mix of both private and non-profit housing which will responsibi-ly address the need for suffi-cient housing for senior citi-

zens and others in our community," said O'Neil.

## P. REP

Madoc OPP is investigating the wilful damage to the Bank of Montreal automatic bank

of Montreal automatic bank machine located in the front foyer of the Bank of Montreal building in Tweed.

Sometime between March 27 - 28 someone gained entry to the foyer and damaged the plastic panel with the Bank of Montreal logo, access was not gained to the safe area and no theft occurred.

Anyone with information on this crime is asked to contact

this crime is asked to contact Detective Baker at the Madoc

OPP detachment.
Madoc OPP charged
Douglas Ward, 31, of Actinolite

with assault.
On March 27 Madoc OPP officers attended an Actinolite residence after receiving a complaint that a domestic assault had taken place.

Following an investigation Ward was issued an appear-ance notice and is scheduled to attend Belleville Provincial Court, Criminal Division on April 22

April is Seat Belt Awareness month and the Ontario Provin-cial Police are stressing the importance of wearing a seat whenever you get into vour vehicle.

A seat belt prevents a person from being hurled against objects or fellow passengers in a car, or from being thrown during an accident where they may be run over or crushed.

The penalty for not wearing a seat belt may be your life so, be smart and buckle up.

Seat Belt Facts:
\* unbelted drivers are 16 times
more likely to be killed and six
times more likely to be hospitalized than belted drivers.

\* belted drivers are twice as likely to escape injury.

\* unbelted passengers are nine times more likely to be killed, and four times more likely to be hospitalized than belted

\* unbelted passengers are four times more likely to sustain a major injury than belted passengers.

\* correctly restrained children are nine times more likely to escape death or major injuries than unrestrained children. These facts are based on the

Ontario Road Safety Annual Report.

Cont'd from page 1 ly teach these training courses to the younger Cadets.

to the younger Cadets.
The Gold Star Cadet must
pass both written tests of
approximately three hours
duration, as well as practical
testing, all of which is under
the direct control of Canada's
Cadet Training Program.
Each Cadet has the
degree of testing, whether he
or she is from British Columhia or Newfoundland, or any

bia or Newfoundland, or any province or Territory in

between.

Some of the courses that each Gold Star Cadet must know, and be able to teach, are rather complicated subjects such as map and compass reading, proper use of fire-arms handling, public speaking, physical fitness and teaching, ing, as well as easier subjects such as drill, military rank identification and military and flag etiquette.
Congratulations to all the

-successful Cadets.

With the second semester of school at CHSS half over, the students are keeping them-selves busy with various activ-ities. Mid-semester exams are just over and travel day for

mid-term reports will occur on April 15.
Last Friday, April 2, the school held another successful dance. The dance started at 7.30 p.m. with the theme being

"The Jungle".

A reminder to students attending or wishing to attend Ms. O'Riordan's french club, meetings will continue to be field Wednesday afternoons from 3:30 to 5 p.m. in the library as along as late buses run.

run.

In upcoming school news...10
students will be selected from
the school to attend an Arta
and Careers Day on Friday,
April 16 at Sir James Whitney
School in Belleville. Interested
students should see Mrs.
Hudson for further
information information.

Sarah Ketcheson, Kelly Woodcox and Erica Parkin will be participating on the third and final CHSS Radio Show on Wednesday, April 21. Tune in to 800 AM CJBQ for news from

On the 27th of April, Ms. On the 27th of April, Ms.
O'Riordan will accompany
several enriched and other
interested students to a Holocaust Remembrance Student
Seminar Day at OISE. The
Ontario Institute for Studies In
Education in Toronto.

The following day, April 28th, several students from enrichment and other classes will be attending a student conference on Global Issues Day at Guelph University.

On April 29 and 30 the Drama room at Centre Hastings will feature the Drama Club presentation "Still Stands The House" under the expertise **CHSS News** 

by Julie Meiklejohn, Nikki White and Roger Streight

and direction of Mr. Bill Piton and Miss Pat Henderson.

and Miss Pat Henderson.
Looking further into the future at CHSS - the annual spring formal has been scheduled for Saturday. May 1. Complete details will be available in future articles. On Friday, May 7, Mandy Bonisteel, daughter of well-known television program host Roy Bonisteel, will be attending the school to give morning lectures/seminars to senior students in sociology, physical education and the languages. Interested students should see Ms. O'Riordan for more information.

Ms. O'Riordan for more information. In Sports...The gymnastics team headed to York University last Friday, April 2. Results of the competition were unavailable at press time. The team also had a tournament Friday the 28th of March in riday the 26th of March in Hamilton and did very well in their competitions. Best of luck to the girls in future competitions.

Rugby practices began Monday, April 5 and will be held after school in the upcoming weeks in order to prepare for the regular season. Badminton is still being held after school from 3:30 to 5:15 p.m. The Badminton team will be participating in the Bay of Quinte junior and senior Badminton championships in two weeks time. Bay of Quinte Doubles will take place on the 20th of April, with the juniors at Sir James Whitney and the seniors at Albert College, The Bay of Quinte singles will take place the following with the juniors, again at Sir James Whitney and the seniors at Centejinial.

To anyone interested, Track Badminton is still being held

Centennial.

To anyone interested, Track and Field will be starting up very soon and also, Girls' Soccer with Mr. Treanor coaching the team.

coacung the team.

A reminder to keep Wednesday, May 12 open for the annual Centre Hastings Spring Concert featuring both the Jazz Band and the Concert Band, the Vocal group and the Grade 10 music class.

Also this year's T.G.I.S "Thank God It's Summer"
Dance is scheduled for May 14.
Finally, the yearbook will be
returned around May 25 to be
handed out to the students.

### Vankoughnet will run again for Tory feds

MP Bill Vankoughnet announced his candidacy for the nomination in the Hastings

the nomination in the Hastings-Frontenac-Lennox and Addington for the Progressive Conservative Party on April 2. The general election is expected to be called later this year after the Tory leadership convention to be held in June.

The nomination meeting and selection of delegates to the Ottawa Convention will be held Ottawa Convention will be held at the Napanee District Secondary School on Saturday, May 8. Registration will take place from 11 - 12:30 p.m. with the nomination meeting to start at 1 p.m., followed by a delegate selection meeting. Guest speaker at the meeting will be the Honorable Perrin Beatty.

Vankoughnet was first nomi-nated as a federal candidate in April of 1978 and has been successful in four federal

general elections since. Over the years, Vankoughnet has the years, Vankoughnet has taken an independent stand on several issues when he felt it was in the best interests of his constituents.

'In doing so one has to weigh "In doing so one has to weigh the advantages and disadvan-tages in our parliamentary system and be ready to accept any disciplinary action due to strong party discipline in Canadian politics," Vankough-net said. "I feel that I have been able to attract govern-ment support over the years while at the same time express the views of the majority of people I have been sent to Ottawa to represent without compromise and I shave no compromise and I have no hesitation as the record shows

"As a federal MP, over the years with municipal govern-ment experience before

becoming a federal politician, it is important to have a repu-tation for listening, undertation for listening, under-standing, persuading, accomo-dation and then acting on issues to get action using the experience and training gained over the years," he said. Vankoughnet has successful-ly campaigned on the slogan "An Ordinary Man Represent-ing Extraordinary People". "The success of a politician

ing Extraordinary People ...
"The success of a politician today depends on a great-extent on their ability to communicate with those they represent and use what has been described as a scarce commodity at times "Common Sense". " Vankoughnet said. commonity at times "Common Sense", "Vankoughnet said. "I have seen many politicians at all levels come and go, the main downfall for many is getting caught up in the media hype and bright lights of the House of Commons cameras, forgetting that their own importance is secondary to those they represent.

importance is secondary to those they represent.
"This riding presents some vary interesting challenges which a full time member of parliament, who has knowledge and understanding of the diversity, size and its people." he said. "As a person with roots in the area I am proud of the part this area has played in the development of Canada, the best country in the world in which to live."

which to live. Vankoughnet expressed his appreciation to all who have appreciation to all who have given him encouragement and support over the years, in some very difficult times, when one really has the opportunity to test the loyalty of their friends and he hopes to have the continued respect and trust necessary to earn the support from a broad base of citizens who share similar view and objectives in this very difficult changing and competitive slobal community. competitive global community of nations.

"To my family, and friends and thousands of constituents who have been with me since who have been with me since 1978 and many who have joined in supporting me along the way in four general elections, as well as to those who say they will vote for me this time round will vote for me this time round for the first time, I once again pledge my loyalty and service to you as your candidate in the next general election," Vankoughnet said.

Madoc Public School Grade 5 students Devin Keller and Melissa Blakely sort the school's garbage into the proper recycling bins. The Grade 5's spend about 10 minutes of class time a day sorting recyclables along with class monitors from Grade 3 to 8.

### Madoc Public School proud of fine recycling program

Madoc Public School are on Madoc Public School are on the cutting edge with their quite sophisticated recycling program that students and staff have been steadily improving over the last two years. Teacher Charles Gordon's Grade 5 was give the task of overseeing the program. But as more and more materials were being collected, too much class time for sorting was

class time for sorting was required. Gordon said his class was taking 45 minutes of class time a day to sort the mater-ials, until a student from each ials, until a student from each class were added as monitors. Grades 3 to 8 monitors are responsible for sorting their own material at the recycling centre. Junior Kindergarten to Grade 2 class monitors are assisted by a Grade 5 student to sort their materials. Gordon's class now takes 10 minutes of class time a day to expeding the program. co-ordinate the program.

The school purchased six, 32 gallon wheeled containers and 22 boxes for fine paper. The school has set up a recycling centre in the the The school school. The school follows the Blue Box 2000 prog-ram. Materials recycled at the ram. Materials recycled at the school includes: pop cans, and other metal cans, glass bottles and jars, all styrofoam and plastic containers, boxboard including milk cartons and lunch bags, fine mixed paper, clear plastic film and plastic bags and newspaper.

Also recycled, but not put out at curbside are chip bags and boxes they come in, which are picked up by Hostess Frito-Lay and coffee grinds and filters which are taken home by a teacher to be composted. A teacher takes the clear plastic bears from our but dog sales bags from our hot dog sales home and reuses them as lunch

bags for her husband.

About the only thing the school doesn't recycle is the leftover food from lunches, which the students are now being encouraged to take

being encouraged to take home.

The school's program was recently audited and it was found that more paper should be recycled and better management of food waste, is needed. Already for the month of April the school has recycled do kg, of mixed paper which is almost more than was recycled for the month of February and only 14 kg, away from March's collection.

The school keeps collection statistics for each month, statistics for February were: cans 15 kg., glass 7.7 kg., boxboard 14.5 kg., styrofoam and plastics 3.1 kg., newspapef 109 kg., aluminum foil 2 kg.. Cont'd on page 3

Historical Notes

All good things must come to an end And by April of 1869 that end was in sight for the gold rush which had put Madoc on the international mining on the international mining map and had spawned the village of Eldorado. The Madoc Mercury duly recorded the slowing down of activity in the region in its April 10 edition of that year

of that year
A greater contrast can searcely be imagined than that
presented by the Village of
Madoc now, to what it did just
two years ago. Then the rush of strangers from all parts attracted by the discovery of gold at the Richardson Mine gold at the Kichardson Milie was at its height, and the Mounted Police force, sent here to preserve order, was quartered wherever room could be found for the men could be found for the men-intil the barracks were exceed for their accommoda-tion. The streets were full of people, the hotels were crowded day and night, and regular lines of stages were running from Belleville. Picton and Trenton to Madoc, and from Madoc at all hours to Eldorado and the Gold Regions.

A livery stable had full employment when the mail arrived. the old residents found themselves in a miserable minority and unceremoniously elbowed and unceremoniously elbowed out of the way by the crowds of miners—speculators, survey-ors mechanics and less reput-able characters who came here expecting to make their fortunes out of the excitement. Special correspondents from the great euros of the press the great guns of the press were then a rarity, and by their glowing accounts more than

made up for the matter of fact made up for the matter of fact statements of the Mercury. Then came the telegraph and the express, any number of land agents, assayers, mining companies, and finally the crushing mills. Now all was changed First of all the special correspondents abandoned the fields, the carpenters and upholsterers had no more hotels to build and furnish, more than half the survey. ish: more than half the survey-ors found their services were not in demand, and their maps not in demand, and their maps of the gold regions were at a discount; the four horse stages were withdrawn (the Police had gone long before and the mill and mining company speculators alone held out for a few months longer. Hardly a dozen even of these had means dozen even of these had means pluck, or faith enough in the future, to stick here, and Madoc is once more pretty fairly in possession of its old inhabitants. Houses are more plentiful than tenants; and the village has its full share of the dullness usual at this time of

In two or three weeks' time. In two or three weeks' time, however, the roads will be in good order again, and it will then be seen whether the falling off in the number of prospectors is due to extinguished interest in the gold region, or the policy of the government in the disposal of the lands at the the disposal of the lands, at the time there was a demand for them and old miners were on the spot.

### Hospital services rationalization study public meetings set

The first of three sets of public meetings involving the Hospital Services Rationaliza-tion Study of the Hastings and Prince Edward Counties District Health Council have been organized

The purpose of these meet-ings is to give local residents ings is to give local residence the opportunity to learn about the Distric Health Council and the work of the Hospital Services Rationalization Study Committee so far. The focus of the meetings will be to inform residents about the issues which have been identified to date and to give people an opportunity to comment on them

If there are important issues which have not been identified the Committee would like to hear about them before they go ny further with their work.
Those who cannot attend the

meetings in person are encour-aged to contact the District Health Council office so that

material can be sent to them directly.

Anyone who would like to receive further information about the public meetings is asked to contact the Hastings and Prince Edward Counties District Health Council

The Hastings and Prince Edward Counties District Health Council is a government sponsored, volunteered based organization, which was established in December 1991

by the Ontario Minister of Health to plan and co-ordinate health and health care services in the counties of Hastings and Prince Edward. On April 13, a meeting will be held in Belleville, from 7-9 p.m. at Centennial Secondary School Auditorium, Palmer

On April 14, a meeting will be held in Trenton, from 7-9 p.m. at Trenton High School Audi-torium, 15 Fourth Street.

On April 21, a meeting will be held in Madoc, from 7-9 p.m. at Centre Hastings Secondary School, 129 Elgin Street.

#### Madoc Co-op to takeover Foxboro Co-op

by Jeff Wilson

With just the legalities standing as a road block, the Madoc Cooperative Association is set to takeover the operation of the

to takeover the operation of the Foxboro Co-op.
Madoc Co-op General Manager Mike Stevens said in an interview the association should complete the takeover operation by April 19 once all "it's" are dotted and all the "it's" are crossed.
"We will hopefully be going.

"We will hopefully be going to be doing an inventory on April 17 and if everything goes okay, we should be opening up okay, we should be opening up under our name on the 19th."

Currently lawyers from both sides are going over the lease on the property, and agree-ments to purchase some

equipment.
The membership drive was a The membership drive was a success, according to Stevens. Over 150 people took out memberships, exceeding the Madoc Co-op's target of 120.

The Madoc Co-op will lease the Foxboro Co-op property for four months and then purchase the property outright.

Stevens said the present staff will remain to continue

the operation.
"The guys down there have gone over and done repairs on

the fertilizer equipment and all of the trucks so when spring hits we should be in a really good position down there."

In addition to maintaining retail Co-op stores in Foxboro. Madoc and Tweed the co-operative will provide full crop products and services includ-ing keeping a fertilizer blender at Foxboro and offering grain at Foxodoro and offering grain handling, supply feed products and services and maintaining a fleet of trucks; sprayers and spreaders to serve farmers in the area.

#### **Madoc Easter** Seal Campaign aiming for target of \$4,200

A total of \$2,774 has been received so far towards the 1993 Kiwanis Club of Madoc Easter Seal Mail Campaign, in

paster seal man Campaign, in support of local children with physical disabilities. This represents 66 per cent of the \$4,200 target needed to provide Easter Seal services in the Madoc area during the coming year.

One of the oldest and largest

one of the ordest and largest children's charities of its kind in North America. The Easter Seal Society has helped child-ren with physical disabilities in Ontario since 1992. It delivers financial assistance for equipment, travel and treatment: recreational and educational recreational and educational programs; diagnostic clinics in Northern Ontario; parent/ family support group; respite care programs and in-home consultative services through a province-wide network of 36 districts nurses. Easter Seals also support research into the causes, prevention and treat-ment of physical disabilities.

### Focussing on the root of the problem \*

by Alfred Von Mirbach.

by Alfred Von Mirbach."

Waste Reduction Coordinator
In trying to come up with
something few, and interesting
to write about for this article. I
looked back through my previous ones, and realized that this
is my 13th: To gelebrate. I.
thought I would write a more
hard, briting, article, that hard hitting article that focussed on the root of the problem rather, than the

problem rather, than the symptoms.

So far I've avoided taking this approach, both because I didn't want to alienate the people who most need to hear the conservation message, and because it is hard to tackle the bigger issues without sounding ike you are preaching. I think the time has come (as the walrus said) to speak of these things, and just hope that I don't do too much preaching.or

don'i do too much préaching,or alienating along the way. So why are we running about these days looking for landfill sites, operating blue box and composting programs, and using non-renewable resources like they are going out of style? Certainly, part of the answer les in the fact that there are more of us around, but I'm not about to tackle the issue of

about to tackle the issue of overpopulation in this article

The other key factor is our consumerism mentality Industrialization, booming Industrialization, booming economies, advertising and marketing strategies, and increasing standards of living have all played a part in entrenching consumerism as part of every day life. More is better, bigger is better. I need, I want, I shop, these are the motios of western society in the 20th conturn.

the 20th century In the last decade we have been realizing some of the follies in our ways, and trying to replace wasteful habits with more sustainable ones. We are deluding ourselves, however, if we think that using our blue box installing a low flow show-er head, and setting back our thermostat at night will make for a sustainable environment. Those and hundreds of others actions are important steps we must all take, but in themselves, they aren't the solution

We need to change the way we approach life and set our goals We have tended to set goals and measure successes largely in the materialistic terms of income or possessions

Our desire to succeed theretore relates to desire for more ing to more consumption, more waste, and less sustainability

the last few years, we have found ways to generate has waste while maintaining current consumption

s but we haven't gotten
tar when it comes to
deing our levels of
sumption We may be reducing consumption getting at overpackaging, but we aren't getting at the under-lying waste producing

machine – overconsumption.
The problem is that minimiz-

ing consumption runs counter to what seems to be basic human tendencies of wanting more. To have any hope achieving a sustainable envi-ronment, we have to reach a point where society starts measuring success and setting goals in terms that go beyond economics, and where richness of life means more than six figure incomes

We need to look for ways to

We need to look for ways to trade-off consumptive activities for activities which lead to a better quality of life.

As an example, we could choose to work a reduced work week, which would give us more time to get involved in sustainable type activities like growing and making our own food and avoiding "convenience" disposable items. We would trade off some financial gains for the satisfaction of leading a less consumptive and more sustainable lifestyle. more sustainable lifestyle.

more sustainable lifestyle.
So why do we, me included,
not make manyof these basic
lifestyle and attitudinal
changes? I'm not sure, but I
suspect it is partly a result of
decades of conditioning. I think
another reason is that we have
a very accounterfaction. a very good understanding of what we give up (money or possessions), but a much less possessions), but a much less clear understanding of what we stand to gain (quality time with family and friends, increased control over our lives, satisfaction with leading a more fulfilling and sustain-

Hopefully, by participating Hopetuny, by participating in ever increasing numbers of waste, water and energy conservation programs, our views of success will gradually evolve to focus on these broader issues, rather than only income, size of house of type of car. That is why tools like the car. That is why tools like the blue box are so important— they are the "foot in the door" to make people start thinking about the broader issues. More importantly, we need to ensure that our children are

to ensure that our children are exposed to these values and have role models other than the people from "Lifestyles of the Rich and Famous". Let's hope that our children will come to look on the incredible wastefulness and excess associated with that type of role model as an abhorrent relic of a previous age, to be replaced by role models that stress conservation based lifestyles. lifestyles.

Tip of the month: Buy appropriate amounts of food for your household. Make sure you store any opened or perishable foods properly. Look, through your fridge and cupboards periodically, giving thought to using up products before they spoil. And make sure to compost anything that you can't use (except meat scraps or fatty foods.)

### Unemployment Insurance changes says Vankoughnet

#### regarding A question of fairness,

Member of Parliament Bill Vankoughnet of Hastings-Vankoughnet of Hastings-Frontenac-Lennox and Addington says Unemploy-ment Insurance costs must be kept in line and that's why spending cuts to the Act have been implemented. The Member said costs can the controlled by raising premiums or capping spend-ing. "The government has chosen to can spending by not

ing. "The government has chosen to cap spending by not paying benefits to people who decide to quit their jobs without just cause." He said the government is also effectively freezing average UI benefits. Vankoughnet said the best way to control UI costs is to help unemployed Canadians get jobs and in 1993 \$2.2 billion of UI funds would be used to help train Canadian workers. "UI benefits are paid for by workers and employers and not the government." he pointed out. "Therefore it is

simply not fair to ask Canadians to pay people for quitting their job without good reason. their job without good reason. Nor is it fair to jeopardize our safety net created to help people who have lost their job through no fault of their own."

The Unemployment Insur-

ance program provides those who lose their jobs through no who lose their jobs through he fault of their own with temporary income while they look for work. The UI system cost \$21 billion to operate in 1993. Last year, premium revenues were \$4.5 billion less than costs and the government fears that unless action is taken the shortfall will climb even

higher.

Vankoughnet said there are many grounds for just cause including sexual or other harassment, obligation to accompany a spouse, discrimination under the Canadian Ruman Rights Act, obligation to care for a child and danger-

ous working conditions. A person must show that there person must show that there was just cause for leaving a job. If there is conflicting evidence, the person making the claim is given the benefit of the doubt.

The federal government is also effectively freezing aver-age UI benefit levels for two years, starting April 4, 1993. Average weekly benefits would Average weekly benefits would have been expected to increase by 3.5 per cent during 1993-94. in line with current wage increases. The government is off-setting this increase by reducing the UI benefit rate for new claimants from 60 per cent of insurance earnings to 57 per

"Changes to the UI program are based on fairness." said Vankoughnet. "They also make sure the program will continue helping those who

### Madoc House League Hockey

The Madoc House League Hockey League held a season ending tournament on April 2. In the "B" Championship game the Red team came out on top after a shootout. The team members were: Logan Cassidy, Jeff Preston,

Jason Curlette, Daniel Mullette, T.J. Tomlin-son, Paul Ritter, Billy Deacon, Adrian Taylor, Mike Newman, Jim Meraw, Greg Smith, Donald Alexander, Andrew Mullett, Matt Maguire and Jeff Newman.

Who said girls couldn't play hockey with the boys. The Orange team, with its roster domi-nated with girls took the "A" Championship, in the tournament on April 2. The team members were: Melissa Lee, Rhianna Drumm, Sally Baker, Ryan Baumken, P. J. Baker, Jim Baker, Nathan Drumm, Shannon Alford, Brandon Miller, Mathew Wilkins, Ben Lee, Krista Wilkins, Adam Wilkins, Maija Drumm, John Craston and Tannor Alford.

Natural Resources Minister Howard Hampton announced that

Natural Resources Minister Howard Hampton announced that he is extending the grace period for obtaining the new Outdoors Card and fishing and hunting licences to May 45.

"While more than 450,000 Outdoors Cards have been issued to date, some problems processing a small number of applications have come to my attention," Hampton said. "Extending the grace period will allow us to process the entire backlog and at the same time allow the people of Ontario to fish and hunt while waiting for the delivery of their cards.

Most applications are now being processed in three or four weeks. The backlog of applications represent only two per cent of all cards issued and is the result of missing information, invalid hunter accreditation, incorrect payments or key-punching errors. The extended grace period will provide the extra time necessary to resolve these problems.

Those who have not yet sent in their card application, but who wish to go fishing soon should consider buying a Temporary Outdoor Card and, one-year fishing licence from any licence-issuing office.

issuing office

issuing office.

Anyone who does not yet have an Outdoors Card and is hunting during the grace period should carry some proof of being qualified to hunt, such as an old hunting licence or proof of having passed a hunter-qualification test.

passed a hunter-qualification test.
Outdoors Card application forms are available from MNR offices or licence issuers. Card applicants who have been waiting for their card for six weeks or more may call 1-800-387-7011 for information on the status of their application.
Those who wish to apply for the Outdoors Card can obtain information from licence issuers, MNR district or area offices or the Natural Resources Information Centre. Room M1-73.

#### 'We're all in this boat together' Buchanan says defending social contract

Queen's Park - How is Ontario going to maintain essential services like health care, education, social servies and investment in creating new jobs and at the same time reduce the deficit and its drain

reduce the deficit and its drain on support for these programs?

That's the question Hastings-Peterborough MPP Elmer Buchanan says his govern-ment "and everyone in the province" must face.

"We're all in this boat together," the agriculture and food minister says

together," the agriculture and food minister says.
"We can choose to be part of the answer or be part of the problem," he says. "That's why the premier, the cabinet and the caucus are asking all segments of society to work together towards a shared social contract."

social contract. There are many good signs "There are many good signs that we are working our way out of the recession," Mr. Buchanan says. "GM. Ford and Chrysler have recently announced massive new investments in their plants in Ontario. The government has backed these initiatives with skill-training grants through JobsOntario and by funding some of the infrastructure

costs on these new production

facilities.

He does concede that with "the introduction of new technologies, greater production is achieved by the same work force so that fewer new job s may be created.

are up but adds that "that doesn't increase revenues from sales fax and income tax so our revenues are stagnant." "The hard fact we face" he

says, "is that each year's deficit gets added to the province's debt which in turn

'The hard fact we face is that each year's deficit gets added to the province's debt which in turn adds to the escalating interest costs we have to pay on the debt."

#### Elmer Buchanan Hastings-Peterborough MPP

Recently," he says, "we've helped Ontario firms sign over-seas contracts worth millions of dollars and the benefits will soon begin to show in our economy

economy."
In partnership with small businesses and large companies we've already created 16,000 new jobs through JobsOntario towards a target of 100,000 with training for another 80,000 people to keep them in the work force."

Mr. Buchanan says exports

**New Bridge Street location** solves identity situation for Bath and Kitchen Centre

By Rolly Ethier

Gary and Bonnie Russell have come out of the side laneway with a new, roomier showroom for their Campbell-ford Bath and Kitchen Centre.

It's not exactly a new busi-ness but the location is front row centre on Bridge Street in Campbellford's downtow core. And that's the difference downtown

"We had a bit of an identity problem in our old location," explains Gary, who operated his bath and kitchen centre and Burgis Plumbing Supplies' firm nearby but tucked in behind, off the street, in the same building.

behind, off the street, in the same building.

"I've been approached by a few people who didn't even realize we had a showroom to display some of our fine products." said Gary. "So, when the opportunity came along to switch to an on-street location tin the former Dr. Richard 'Pallen optometrist office: we jumped at the chance. Now we have more showroom space and offer a higher profile identity."

Still a fixture, as it were, in the store is the Russells' faithful dog George, who enjoys welcoming customers. So far, however, Gary has been unable to interest George to help in a sales capacity. George

a sales capacity. George prefers the spectator role and public relations. The Russells took over the long-established Burgis

The Russells took over the long-established Burgis Plumbing in January, 1990, and has since made a host of satisfied customers with quality products and quality service.

Although the Bath and Kitchen Centre has become a more

en Centre has become a more visible part of the business. Gary reminds that the operation will continue to feature a full-service plumbing outlet specializing in septic tank service and portable toilet

Bonnie and Gary Russell and their canine "advisor the showroom of their new kitchen and bath centr higher-profile location on Bridge Street. photo/Rolly Ethier

What many people may not realize is that we offer comparitive prices with bigger centres, high-quality products, a full range of materials and accessories. It's not necessary to go to Peterborough or Belleville to shop, said Gary. It's in the after-sales service that the Burgis Plumbing firm really excels because it is available locally. Gary also reminds that he welcomes requests for guidance and advice from his many handyman customers.

man customers.

"We also offer complete bathroom and kitchen renovation packages with price esti-

Government operating costs have been cut another \$1.5 billion for the fiscal year that has just begun and more cuts are to be made," he said. "This," Mr. Buchanan says,

will take a lot of sorting out hence a lot of c-operation between all the economic players -- the private sector, the public sector and general

public."
Mr. Buchanan says the so-called "social contract" called "social contract" between government and public sector employees urged by the NDP government will include the "best mix of measures for their different work plans" work plans.

"They include job security programs; a variety of retireprograms; a variety of retire-ment options; more flexible work hours to fit people's lives; help with training or retraining and increased work-place democracy," he said.

mates. And we have access to computerized designs," points out Russell

A feature at Burgis Plumbing is a working display in the showroom of a new 1.5-gallon low-flush toilet, designed to conserve water. The older toilets generally require 3.5

gallons per flush.

The company also has an experienced retired plumber available to plan plumbing designs for homes.

designs for homes.

"We're willing to go route to satisfy the customer. That's our paramount objective." says Gary. "We're here for the long haul. Our operation provides a full range of product and service for even the most discriminating buyer. So drop around and check us out."

Burgis Plumbing is planning its official grand opening saturday, May 1st at 11 a.m. There'll be dignitaries, ribboncutting ceremonies and free coffee and donuts. And George will definitely be on hand to "say hello."

'say hello.

### - Hospital Association questions social agenda

Ontario's public hospitals have warned Premier Bob Rae that no social contract in this province should be struck between unions and employers without the full participation of consumers, such as hospital patients

Dennis Timbrell, president of the Ontario Hospital Associof the Offiario Hospital Association, said provincial hospitals have led the public sector in seeking solutions to Ontario's current fiscal crisis but the solutions have never been at

the expense of patient care: The 222 public hospitals have adjusted to the economic realiadjusted to the economic rean-ties of the past two years through such innovative measures as freezes to senior staff salaries, elimination of many middle-management positions and reductions in in-patient cases and increases in day-surgery and out-patient

in day-surgery and out-pattern programming, he said.

The OHA says the government's social contract proposal raises more questions than offers solutions. For instance

\* Are pending arbitrated awards with unions affected by the suspension of public sector labor negotiations; «
\* What is the mandate and

time-frame for the negotiation process headed by Deputy Health Minister Michael

Decter?
\* Will issues such as the full cost of pay equity and other government imposed measures be discussed in the newly-announced negotiation

'Is the government finally willing to defer implementa-tion of all new programs which will impose additional costs on hospital operations'

Last month in a meeting with Ministers of Finance and Health, OHA endorsed the

**BOB BENNETT** 

REAL ESTATE LTD.

government's objective maintaining jobs within the hospital sector but raised the key question of whether the government was willing to legislate wage controls to

As well, 15 months ago, OHA proposed to the Health Minister the concept of social contracts in all hospitals in the sector. The hospital industry employs more than 150,000 people in this province with more than 98,000 unionized. They are represented by 17 hospital unions.

April 23. Some Ontario nurseries have some untario nurseries nave received a poor rating from OHA. They were downgraded on: filling orders fully and promptly, misnaming plants and on quality of plants.

#### **Current Projects**

Projects in which the Horti-cultural Society is involved in are: (1) funding for Campbell-ford Fair prizes in flowers and are: (1) funding for Campbell-ford Fair prizes in flowers and vegetables; (2) donation to Master Gardeners for training new recruits; (3) ongoing care of plants at Carewell by Mary and William O'Reilly and at and William O'Reilly and at Hillsdale by Glenn and Lois

May 3rd-Horticultural general meeting with slides and commentary on "Iris." Glenn Bennett judged the 23 3rd--Horticultural

entries in the mini show-forced branches of pussy willow, forsythia and cherry, floral arrangements for

Easter, inventions for use in the garden, and show-offs topping the display with painted Easter egg trees, beautiful orchids and an epiphylum covered with blooms and būds.

The program was a video show called "Preparing the Garden." The gardens, called Larkwhistle, are in Ontario. The gardener described how branches of rugosa roses were gently bent to the ground and weighted for winter. In spring, as the snow melts, the rose branches come upright and it's time to prune. time to prune.

Study each bush, then cut off branches that are broken dead, or weak, or inward facing; creating an open centre. Cut back other branches to an outfacing bud. Branches of rugosa roses do thave to be cut back as far as tea roses, Prop up any bending branches. Cultivate around the bush, scraping a saucer shaped hollow around it to absorb moisture. Spread a top dressing of manure, compost, bone meal and look forward to continuous bloom. Top dressing, composed Study each bush, then cut off

roward to continuous bloom. Top dressing, composed of the above ingredients, is essential in preparing the gardens, especially a new garden. It feeds the plants, and acts as a sponge to hold water and to aerate the soil. Spade it into the garden bed.

#### Thinning required

Thinning is required for some perennials. Use a fork to get beneath the plant. Lift and separate into sections. Allow enough space between transplants for future growth.
Violas, hardier than pansies, will winter over, and can be separated, or plant seeds early to transplant for bloom in May. They are a valuable addition to

They are a valuable addition to the garden, since they bloom all season. If they get "leggy", cut back. New growth will produce blooms again in the

roduce brooms again in de-fall.

April to May are months to grow perennials from seed. A good growing medium is made up of light top soil, peat moss, bone meal and vermiculite. This is a cheap way of raising a wider variety of perennials. When the seeds are planted, water the plant tray from below to avoid displacing seeds. Place the seed flats where there is bottom heat, or in a cold frame. The latter can be simply constructed from boards. using discarded windows for a cover. The video also featured

The video also featured

planting roses. An interesting idea is to plant a cedar post at the back of the hole for a

idea is to plant a cedar post at the back of the hole for a climbing rose to cling to.

The garden is a canvas for the living pictures we create, so we\(^{8}\)need to plan on placement of tall and short plants, color harmony and time of blooming. For instance, when spring bulbs and poppies die back, plan to have perennials planted near to cover up the fading plants.

A garden is a message of beauty and endurance. All we need for its life is provided by nature. So, as we garden, let us co-operate with nature's ways.

co-operate with nature's ways. Glenn was thanked for the interesting video and the meeting adjourned.

## A springtime tradition: Renovating and refurbishing

When vinyl siding was intro-duced 30 years ago, there was some reluctance among both industry professionals and homeowners to accept this new building material

Today, however, continuing advances in vinyl formulaadvances in Vinyi formula-tions manufacturing tech-niques, and product designs have helped vinyi siding capture more than 40 percent of the market for all exterior siding materials used in residential buildings - and become the dominant choice among

materials used for re-siding.

Most homewoners are already aware of the practical benefits of vinyl siding. It benefits of vinyl siding: It never needs painting and requires very little maintenance, is relatively easy to install, and is both durable and affordable. Add to that the wide variety of vinyl siding colors, styles and accessories now available, and you've got one building material that's earned its popularity.

Perhaps what surprises homeowners most about vinyl

homeowners most about vinyl

## Long-lasting beauty: Today's vinyl siding captures look of real wood

siding is its ability to replicate the look of natural wood. Even those homeowners who in the past have used only cedar or redwood siding have responded favorably to vinyl's newest generation of wood-like panel designs.

Many vinyl siding manufac-turers have tried to duplicate turers have tried to duplicate the look of wood by embossing panels with wood-like patterns based on artist renderings and photographs. While this marked a significant early step in the replication of wood patterns, further advances have even more closely reproduced the authentic return duced the authentic texture and dimensionality of real

Today, in fact, homeowners no longer have to compromise the natural look of wood for the the natural look of wood for the performance benefits of vinyl. Grades of siding have been produced that are hard to distinguish from real wood, even upon close examination.

With its durability, low-maintenance requirements and long-lasting beauty, the advantages of vinyl siding have always been apparent to cost-conscious homeowners. And now, with continuing deve-lopments in the recreation of authentic woodgrain finishes and textures, vinyl siding has an aesthetic appeal to match.

LONG-LASTING BEAUTY and low maintenance. The siding used on this Victorian-style home is remarkably faithful to the texture and dimensionality of hand-split cedar shingles.

### Selecting ceramic tile installation products

The lasting beauty of ceram-The lasting beauty of ceramic tile has made it one of the most popular materials for walls, floors and counter tops in kitchens and baths. And while it may look tough, installing ceramic tile is a good do-it-yourself project. The key is to plan carefully and to select quality installation products. select quality installation products.

Ceramic tile is relatively expensive, but when properly installed, it will last a long time. The installation products you use have as much to do with the project's durability and good looks as the tile you

All you need to install ceramic tile are the right materials and tools. In addition to the tiles themselves, you'll need a cutter and nipper to cut the

tiles. For installation, you'll need a notched trowel and either mastic or mortar.

There are two basic types of

There are two basic types of installation products: easy-to-use adhesives or "mastics" for tiles up to 6x6 inches and mortars for larger, thicker tiles. Mastics come ready-mixed in resealable, reusable containers, Mortars, which contain portland cement, sand and additives for strength and fast drying, hold up better under the weight of the tile and withstand abuse like heavy foot-traffic. Mixed on site, mortars must be used to install tiles larger than 8x8 inches, but tiles larger than 8x8 inches, but can be used for smaller tiles in heavy-duty applications.

Both products are available with latex additives that

improve the adhesion, flexibility and strength of the adhesive. The latex additive strengthens the bond between the adhesive and the backer and enables the two to hang onto each other. Latex also provides a water-resistant barrier to protect your subfloor or wall from water seeping through cracked

Flexibility may seem an odd quality to look for in a product like mortar that's basically cement. But it's important because no matter how well because no matter now went built they are, houses move. When they do, small cracks can develop in your grout lines and water can seep through behind your tiles. Those tiles

# HOME IMPROVEMENT

## Proper maintenance will enhance disposer/septic system compatibility

According to the Plumbing-Heating-Cooling Information Bureau, homeowners with septic systems should make tank inspection part of a spring or fall housecleaning ritual.

"Because there is no formula for determining how often tanks should be cleaned, an annual checkup is the best way to avoid problems." says-David L. Weiner, executive director.

In any system, fats and grease washed away during dishwashing end up in the septic tank. If allowed to accu-

1.500 GAL.

1,000 GAL

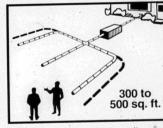

mulate too long, this scum can clog the system and eventually cause tank failure. Periodic cleaning can help prolong tanklife.

Proper sizing of the tank and absorption field is also important. Contemporary households with dishwashers, food waste disposers, and automatic clothes washers require tanks and absorption fields which can handle the water volume from these appliances. In general, a larger tank and absorption field would be required for households, with these conveniences. A home-

owner's best resource in this matter is a septic tank system'

Contrary to popular misconception, disposers and septic systems are not incompatible.

In fact, in its investigation the Federal Housing Authority reached this conclusion. "In general, properly designed and maintained septic tank/soil absorption systems can handle the additional loadings due to grinders (disposers)' through the provision of more tank capacity and increased absorption field."

A NUMBER OF FACTORS enter into the sizing and location of a septic tank. Water-bearing appliances, such as dishwashers, automatic washers, and food waste disposers, require a larger tank (left) and absorption field (right) than households without these appliances.

## Bathroom beautification begins at the door

The bathroom is usually the smallest room in the house, but it's possible to reclaim as much as 10 square feet of space. When remodeling or during new construction, the addition of a pocket door not only can save precious space, but make a design statement as well.

You can eliminate doorway, clutter and free up extra space in any bathroom by installing a doof-in-the-wall in place of a The bathroom is usually the

ciutter and free up extra space in any bathroom by installing a doof-in-the-wall in place of a conventional swinging door.
Standard doors require eight to 10 square feet of floor space to accommodate opening arcs. But a pocket door allows floor space to be used right up to the door opening - in effect, giving you a bigger bathroom. In addition to bringing a more open feel to the room, installing a pocket door helps you control appearance. Doors of virtually any design and finish can be selected, so doorways that were once ordinary can be transformed into dramatic room features. A pocket door installation enhances entryways by contributing a neat and modern look. enhances entryways by contri-buting a neat and modern look

Douting a heat and modern too.

Door frame also has steelsided studs and jamb to
provide a rigid surface for
walls and prevent accidental
nail penetration that could
damage doors. Self-adjusting
anchors keep eventual floor
settling from disturbing horizontal alignment of the header

and track. These and other innovations have been built into the system to eliminate problems that used to be a source of common complaints. Of course, the beautifying and space-saving advantages

of pocket doors are not limited just to bathrooms. The conve-nience and versatility of a Pocket Door Frame Kit makes it possible to enhance closets, kitchens, dining rooms or other area throughout the home

A DRAMATIC ENHANCEMENT to any bathroom entrance, along with savings in valuable floor space can be easily achieved with a door-in-the-wall installation.

New Floors Refinishing Sanding

## Perennials provide years of pleasure

A bed of established peren-nials blooming profusely in succession from June through September provides rainbows of color to the landscape and armloads of cut flowers for the

home.

Such beds are virtually maintenance-free and long-lasting. They serve as a pantry of food for butterflies and hummingbirds, and a source of stem cuttings and root divisions to share with family and friends. Indeed, you can clone a perennial bed to live on for generations.

a perennial bed to live on for generations.

Perennials are surging in popularity with experienced and beginning gardeners across diverse growing regions. Perennials offer something to satisfy every taste from the majestic

taste - from the majestic Delphinium to the stately Oriental Poppy, to the whimsical ornamental grasses, with lots of nuances in between.

Because perennials live so long and take several years to get established, take care in choosing and preparing the planting site and selecting the right types and proper varieties to suit your needs, Perennials typically are

Perennials typically are planted in the spring or fall. This is when bare-root stock is most widely available. Potted perennials are usually available throughout the summer at garden centers. Some people prefer to buy and plant then because the foliage, flowers and habit of the plant can be studied. But, for diversity of choice and economy, bare-root planting in spring or autumn is the choice of experienced gardeners.

While some gardeners prepare their soil a season ahead, others plant just after conditioning the soil. You'll want to "build" your soil from

the ground down, amending it by working two inches of peat moss into the top six inches of soil. Because perennials are a long-term investment in beauty, amending the soil is well worth the effort.

worth the effort.

Amending the soil with plentiful, sustainable sphagnum peat moss does double duty. Not only does it correct the pH of an alkaline soil because of its high pH level (3.8 to 4.5), it improves the friability as well.

"Friable" is a term that refers to a soil that is loose

enough for water and air to

enough for water and all to pass through freely, yet sticky enough that individual parti-cles bind together.) A fistful of moist, friable soil forms a ball in the hand and then crumbles and falls apart

then crumbles and falls apart when you release the pressure. Fertility also is important, as most perennials do best when the soil is above-average in fertility or is "rich." Be sure to choose a fertilizer that works for your perennial, and follow manufacturer's follow instructions. manufacturer's

PERENNIALS are a gardener's top choice for flowers, providing years of color and low maintenance.

## Thinking of remodeling? Why not start at the top?

If you're one of the growing number who had decided to stay put and fix up, instead of sell and move out, here's a remodeling option you may want to consider: a new roof.

When you think that a roof comprises 40 percent of a typical home's exterior, and that an many cases the roof is the dominant visual feature, it's not surprising that more consumers, are giving extra

it's not surprising that more consumers are giving extra attention to selecting quality roofing materials. In addition to aesthetic advantages, a high-quality roof also provides maximum protection for your family and your possessions, while enhancing the value of your

home.

Choosing the roofing that's best for your home depends on personal taste, the house's architectural style, and the size of your budget. To assist in your choice, experts offer the following guidelines:

\* Choose a style that complements your home. The roof brings the whole house together, so it's important to select a roofing material that will highlight the architectural style and overall appearance of your home. Laminated or "architectural" shingles provide homeowners with greater design flexibility, as compared to traditional three-tab shingles. tab shingles

\* Invest in high quality roofing materials. While there are many types of roofing materials available, it makes good sense to invest in the highest quality material your budget

In addition to enhancing the value of your home, high-end materials are also available in more colors and textures than less expensive materials.

\* Opt for maximum protection and performance. One of the biggest advantages today's homeowners have is that the newer roofing materials are engineered to outperform and cuttless traditional, roofing. outlive traditional roofing materials.

When deciding on what type of shingle to install on your roof, be sure to ask the contractor about the shingle's track record in the climate in which you live

In general, fiber glass-based asphalt shingles stand up-better to weather conditions, offer better fire protection, and provide superior performance over time over time

\* Consider manfacturer warranties. When choosing a new roofing material, the manufacturer's warranty should be a major factor in the

## It's really not lonely at the top: What's new with ceiling tiles

Want to redecorate or remodel a room but find you don't have the space to lower the new ceiling at least three inches? Then install tongueand-groove ceiling tiles that fasten directly to the cold ceiling instead of ceiling panels that drop into a grid system suspended below the old ceiling.

According to a leading manufacturer of ceiling and other home-fashion products, the need to use ceiling tiles instead of ceiling panels should make little difference when it comes to aesthetic appeal, because there's such a widerange of decorative ceiling tile designs from which to choose.

Some offer the charm of old-fashioned tin celings in a modern interpretation of the tooled-look design. Others add richness to room decor with traditional patterns that are

JACK D.

TODAY'S DECORATIVE CEILING TILES are available in a wide variety of styles and patterns.

lightly embossed for a classic look. And still others use a new stairstep edged detail to give a room a handsome and appealing look.

While most ceiling tiles measure 12-by-12 inches, homeowners also can obtain a plank look in an attractive woodgrain finish if they wish.

The unique six-inch-wide by four-foot-long planks serve to blend the ceiling with any decor from country to contemporary.

In terms of installation, ceiling tiles can be cemented to an existing ceiling that's in good condition or stapled to wood furring strips.

#### Success with azaleas and acid-loving plants

Success with some of nature's most spectacular but demanding flowering shrubs and trees is often as simple as "fixing" the soil to meet their needs

Botanical superstars such as the azalea and rhododendron the azalea and rhododendron are among the plants that flourish when planted in a sheltered area and in soil that is loose, moist, organically-rich, and within a pH range of

4.0 to 5.0 (acidic).

The dilemma facing many gardeners is how to prepare the soil for acid-loving plants. Native soil often has too much

Native soil often has foo much clay, too much sand, or is out of kilter pH-wise.
You can "build" your soil from the ground down by amending it with a rich, organic material. Backyard compost is becoming more prevalent as composting methods are better understood and practiced. Another choice, especially in rural areas, is well-rotted rural areas, is well-rotted

manure.

However, the most universal

ACID-LOVING PLANTS appreciate a helping of peat moss

opiton is peat moss, a plentiful, sustainable resource. It's unique among other soil amendments and specifically attuned to the needs of azaleas and rhododendron. You can condition your soil by working two inches of peat moss into the top six inches of soil.

(Kousa Dogwood). canadensis Chamaecy-Iinoki False Amelanchier (Serviceberry), Char paris obtusa (Hinoki Cypress), Priumula vulgaris (Primrose), Lilium speciosum rubrum (Lily), and Lupinus Hybrid (Lupine).

## New window glazing adds comfort and will help reduce energy costs

As a result of stricter building codes and more demanding energy requirements, window manufacturers are developing a new generation of thermally efficient window components. Perhaps the most significant of these advances are glazing (the glass installed in a window) that help control light and heat.

Not too many years ago, a single pane of glass, in a wood or aluminum frame. seemed or aluminum frame, seemed perfectly suitable as a glazing: It afforded protection from the elements, let in daylight and permitted a view of the outside. Add a storm window for winter months, and the window system was complete.

But with a growing aware-ness of the importance of window "R" values (a measure of resistance to heat flow) and infiltration rates the amount of air that passes through the window came the use of more thermally efficient window frames - particularly But with a growing awareuse of more thermally efficient window frames - particularly vinyl - and insulating glass. Insulating glass windows have two layers of glass, joined

at the edges, with an air space between the layers. The double between the layers. The double layers help to lower heat flow and reduce heat loss. In some windows, argon gas is used to fill the space between the layers, helping to further reduce heat loss, as well as the requestions of source. transmission of sound.

## Safety valves protect your child's delicate skin from thermal shock

Most of us know what happens if a toilet is flushed while the shower is running. A sudden rush of hot water in the shower can cause scalding, while a burst of cold water can while a burst of cold water can send you running or jumping -and in a shower that could lead to a dangerous fall. Sometimes the fluctuating water tempera-ture is merely a nuisance, but there are times when the resulting thermal shock can cause serious accidents and

Preventing thermal shock is particularly important when the physically impaired, the elderly or small children are bathing or showering. Accord-ing to the National SAFE KIDS Campaign, more than 5,000 children as escaled by the tran children are scalded by hot tap water in the tub each year, and more than two-thirds of those victims are under age five

Because their skin is so delicate, children exposed to 140 degree water for only three seconds can receive third degree burns requiring hospitalization and skin grafts.

It is not surprising that design professionals and code boards have been moving toward the installation of "safety" valves as a standard precaution for combating this problem. There are two primary types of "safety" water mixing valves: pressure balance and thermostatic.

Pressure balance valves control water temperature and eliminate shocks by compen-sating for pressure fluctua-tions in the water line. They are designed to shut down if better cold water pressure is hot or cold water pressure is completely lost. Pressure balance valves work best if there are no fluctuations in the temperature of the water supp-ly itself.

Thermostatic valves go a step further. Using a thermal element which adjusts water flow based on temperature fluctuations, a thermostatic

valve will maintain water temperature regardless of temperature regardless of whether a temperature change is caused by pressure fluctua-tions or by a change in the temperature of the water supp-ly. Thermostatic valves will also shut down if there is a complete loss of either hot or cold water pressure

cold water pressure.
A number of manufacturers
offer "safety" faucets and
shower valves that can control
temperature shocks.

Safety valves and faucets offer a simple solution for preventing thermal shock. Incorporating this "ounce of prevention" is a worthwhile investment in both safety and comfort

### Innovative fans alleviate moisture problems

Bathrooms can be a breed-ing ground for moisture-related problems which, if left related problems which, it left untreated, can eventually result in major structural damage. A high-performance ventilation product can help eliminate these problems by eliminate these problems by alleviating excess moisture and reducing mold. mildew and corrosion build-up. But. all too often the ventilation fan is not used or not allowed to remain on long enough to adequately remove bathroom conteminats. contaminants

Built-in sensors activate the units automatically in response to motion and/or humidity changes, and they turn off automatically when motion and/or humidity subsides. So if you forget to turn on the fan before entering the shower it's not a problem the shower, it's not a problem-the sensors will turn the fan on automatically, which will help prevent moisture build-up and ssociated problems

Units are available with three sensor types. The motion sensing units respond specifi-cally to motion and have a "field of view" which is user adjustable for specific applica-tions; they can be prog-rammed to stay on for an adjustable period of five to 60 minutes after motion stops.

The humidity sensing units automatically turn on when a rapid rise in humidity is detected. The fan stays on for a

A NEW SERIES of high-performance ventilation products activate automatically to help eliminate bathroom moisture problems and reduce mold, mildew and corrosion build-up. user-adjustable period of five to 60 minutes, then shuts off automatically. The combined motion and humidity sensing unit uses both types of sensors for the ultimate in hands-off

convenience. In addition to the residential In addition to the residential bathroom, these products are ideal for use in elderly, handicapped and public facilities, and problem ventilation situations such as enclosed, windowless rooms, smokefilled or odorous environments, and other areas with inadequate ventilation.

inadequate ventilation.
This new generation

"smart" products provides an automatic way to satisfy venti-lation needs and prevent moisture-related problems.

### Not the same old manure - An expert looks at new natural lawn care products

There was a time when the mention of natural lawn and garden care products evoked images of smoldering compost piles, a variety of odd concoctions, and limited effectiveness. Fortunately for lawn and garden lovers - and our planet those days are over.

Consumers now can choose from a wide array of innovative new technologies that make natural products extremely effective with less impact on the environment.

There now are literally dozens of natural lawn and garden products available. They tend to be in one of three categories: fertilizers, insecticides, and composting products to reduce yard waste.

#### Fertilizers

Look for products that use natural sources of nitrogen, phosphorus and potassium, as opposed to synthetically derived chemicals. Natural fertilizers contain ingredients such as bone, feather and blood meal, sunflower hull ash, wheat germ and soybean meal.

wheat germ and soybean meal. These ingredients work with the natural cycle of growth that takes place in the soil, rather than providing a rapid, and sometimes harmful, requick fix. But they are every bit as easy to use as their traditional counterparts and, additionally, they will not burn your plants.

#### Insecticides

In recent years, the most commonly used natural/organic pesticides have been soap-based products. Soaps are blended to penetrate the skin of harmful insects such as aphids and mites, while sparing the most beneficial.

COMPOSTING is just one of many ways you can apply some of the new natural lawn care technologies to your own yard.

the new natural lawn care tech.
When selecting a natural
pesticide, look for active ingredients like Bacillus Thurengensis. Pyrethrins, Potassium
salts of fatty acids (soaps),
and Azadiractin. The advantage of all such products, is the
reduction in their toxicity and
precise targeting of harmful
pests. Regardless of the
product you choose, remember
to follow the guidelines specified in the directions on the
package. package.

#### Composting products

As it gets more difficult to dispose of bags of leaves and grass, more people are turning to companies manufacture compost inocul-ants which, when added to the

pile or bin, dramatically accelerate the process. You can go from bags of grass to rich humus in as little as 30 days. There are specific inoculants designed for grass, leaves, and pine needles/branches which the process find at most lawn and you can find at most lawn and garden stores or nurseries.

So, when you make that first big trip to your local lawn and garden store this spring, stop for a minute before you buy your old standbys, and look at some of the new innovative naturalorganic options. If you have the right ones from experience. buy the right ones from experienced manufacturers, you will not only help the environment, but you will end up with beautiful, healthier lawns and gardens as well.

### Home remodeling? Don't forget the details!

Details are among the most important – yet often gyer-looked – aspects of any remodeling project. Experts agree that paying attention to details and a quality project go handin-hand. For example, the relain-hand. For example, the rela-tively easy and very inexpen-sive step of using caulks and sealants to close openings around doors, windows, base-boards and outlets is a good to add both longevity and a quality finish to your project.

Caulks and sealants are so simple to use and yet they do a powerful job of protecting your home from water damage, sealing out drafts and giving your work a finished look.

It's just a matter of getting organized to finish off a project. Make a list of all finishing details, then divide them according to project.

For example, if you need to finish painting, list filling nail holes, patching construction. Caulks and sealants are so

holes, patching construction.

"dings," and touching up paint as one project. "It's easier as one project. "It's easier concentrating on one project at a time and doing a quality job rather than running around trying to slap things together. One of the most important

and easiest projects is caulk-ing and sealing joints and seams. In one afternoom, you can improve the quality and

appearance of your finished project.

#### Which caulk to choose

Before starting, evaluate what kind of caulk you need. For residential use, your choice is between latex caulks and silicone sealants

Latex caulks are the most

choice of do-it frequent yourselfers. They are the easiest to apply, come in a variety of colors, and suit most

The best way to separate latex caulks is to divide them into good-better-best categories. Products in the good category cost approximately \$1 per cartridge and have a five-year life expectancy. However, they can become hard and brittle, and offer little joint expansion flexibility.

Better caulks cost about \$3. last about 25 years and have approximately 25 percent joint movement lexibility. Only silicone sealants or advanced latex sealants fall into the best category. Those cost about \$4, last about 50 years, and can tolerate 50 percent total joint

Latex caulks are the most flexible in terms of price and usage. You also can clean up excess caulk with water, and you can use them indoors without ventilation, because they are odor-free and contain no hazardous substances. Latex caulks are paintable and adhere to the widest varity of surfaces, including glass. surfaces, including glass, ceramic tile, brick, wood, metal and concrete.

Silicone sealants are the

Silicone sealants are the choice of consumers who truly want the best products they can buy. For interior or exterior use, silicone sealants resist moisture better than latex caulks, but only adhere to specific surfaces such as glass, procelain and metal. They do not adhere well to wood or masonry.

#### **Getting started**

Before caulking or sealing, be sure to gather: enough caulk for the job; a caulking gun; putty knife and scissors; a nail to puncture inner seals; and clean, dry clothes. Some often overlooked, but important, areas to check are: \* Door and window joints along drip cans. over windows

along drip caps, over windows and over exterior frames.

\* Outside air vents for the furnace, hot water heater, kitchen hood and dryer.

\* Entry points around pipes and electrical wires, air condi-

and electrical wires, air condi-tioners and water faucets.

\* Joints between outside walls and foundations, siding corner joints, and between brick surfaces and siding.

\* Attic openings for a plumb-ing waste stack and any other

pipes that come through the attic floor.

Seams where flooring meets baseboards and between door threshold and flooring. \* Basement floor seams and

openings around pipes enter-ing through the foundation.

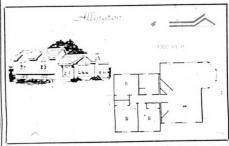

#### Tips for quality job

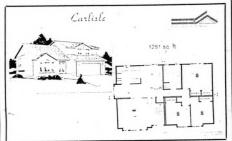

\* First, prepare your surface, using a wire brush or sandpaper to remove all dirt, dust and loose particles. Also be sure the surfaces are free of excess moisture before applying new sealant.

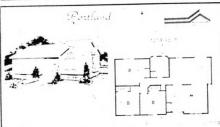

excess moisture before applying new sealant.

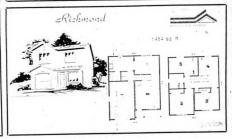

Cut off the tip of the mozzle to the bead size\_usually 3/16-inches, to fill the gap or joint. Cut off the tip at a 45-degree angle. If using a cartridge, load it into the caulking gun. Squeeze tubes don't need an applicator.

#### **NEW & USED** APPLIANCE SALE RUNNING TILL THANKSGIVING WFFKFND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.

Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for vourself our very clean & modern appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an honest price

WE JUST DON'T SELL APPLIANCES, WE GUARANTEE THEM AFTER THE SALE. THERE IS A DIFFERENCE

CRAWFORD, LUCILLE - In memory of a dear mother who passed away April 16, 1988. Oh, how patient in thy suffering. When no-Anal could give thee ease, God, the helper of the helpless. Saw thy pain and gave thee peace.

Always remembered by Jan, Joe & Casey
O'Neill.

ELLIS - In loving memory of a dear father and grandfather, Fred Ellis, who passed away April 12, 1991.
When shadows of night are falling way April 12, 1991. Then shadows of night are falling and we're sitting all alone. And we're sitting all alone.
There always comes a longing, Dad,
For you to come back home
For those of you who have a Dad,
Love him while you may.
For how I wish with all my heart
That mine were here today.
Sadly missed by Dian, Boyd, Keith and
Crystal

SEABORN, FRANCES - In loving memory of a dear mother and grandmother who passed away April 18, 1987. away April 18, 1997.
What I di gwe if I could say
Hello, Morn, in the same old way.
To hear the same a mother.
Obersh her with care.
For you'll never know the heartache
Till you see her empty chair.
Lovingly remembered by son Albert,
daughter-in-law Lucille and granddaughters jeanette and Loriella and granddaughters.

## Fire guts apartment house

by Jeff Wilson

A fire that broke out early Sunday morning gutted apartment house on Lawrence Street East. utted an on St.

The Madoc Village Fire Department received the call to 257 St. Lawrence St. E. at approximately 4:30 a.m., according Fire Chief Roger Snider. The fire call was made

Snider. The fire call was made by Paulette Stewart, a tenant in one of the front apartments. Upon arriving on the scene, Snider said there were flames and smoke coming through the rear of building. He added that the flames travelled across a joust and spread to the rest of the house. Everyone to make it out of the building safely.

Fifteen members of the Madoc Fire Department and all the department's equipment was used to fight the fire. Snider said the fire completely gutted the four apartments in the home, the

old home of Newt Kincaid.

Neighbors were glad the department was able to keep flames from spreading to other homes on the street. Snider said the department had the available water to fight the flames once they went through

the ceiling, and favorable weather conditions with very little wind.

The department was on the scene for 12 hours. The fire is under investigation by the Fire Marshall's Office and the Ontario Provincial Police.

### JobsOntario program creates 201 jobs county wide

Since the implementation of Since the implementation of the jobsOntario Training program in Hastings County, it has been a resounding success with 201 new employees being trained at various job placements in the county.

In this area, five jobs have been created in Madoc and two in Eldorade

in Eldorado.

In Eldorado.

According to the latest statistics, "job creation" goals have been maintained throughout the initial seven months of the program and are expected to soar until the completion of

contracts on March 31, 1995

contracts on March 31, 1995.
Currently, 28 per cent of the
total training credit allotted to
the County for the program
duration has been met, with
\$655,705 committed to partici-

\$655,705 committed to participating employers.
In addition 871 highly skilled and experienced individuals have registered for the program thus far. As a result, jobsOntario Training has, an enormous database of diversely skilled, pre-screened individuals awaiting employer.

## No suitable sites found in landfill search

by Jeff Wilson

After over seven years of following a long and drawn out process the Centre and South Hastings Waste. Management Committee was unable to find one suitable site that met the criteria.

Consultants Proctor and Redfern made the announce-ment last Thursday afternoon during a meeting held in Trenton.

The consultants have recommended the committee now go back and consider category B hydrogeological and possibly category C, as the committee returns to Level 2 in the

The hydrogeological areas The hydrogeological areas were ranked in three categories, with category A lands being "most favorable" and category C being "least favorable". The committee had instructed the consultants to just consider the category A

The committee passed a motion to hold a public meeting that has been scheduled for Wednesday, April 28 at the Thurlow Township Community Hall from 1-5 p.m. and from 7-9 p.m. to discuss the consultant's recommendations with local residents.

In an interview following the announcement, Chairman Tom Deline said that 17 small parcels of land were found to be suitable after "rigidly" applying the criteria, with the largest being approximately 60 acres. The committee is searching for a site of 115 acres or a combination of two that will equal that size.

consultants The consultants released their recommendations at the meeting, Deline said, adding a copy of the document will be available at all the municipal offices for public viewing:

Deline estimated the cost of going back to Level 2 at approximately \$15,000.

A number of the committee

voiced their frustrations over

the process.
Sidney Township Reeve Jack Arthur said he had great concerns that the committee had made three tries and failed each time to find at least one suitable site. He questioned if the consultants were going to retreet a receipt a very sten.

the consultants were going to request a meeting every step of the way from now on.

"I don't know how much more time and money can be spent and still be fair to our taxpayers," Arthur said.

The consultant stated they would come back at the May meeting to discuss the public's input and then request direction from the committee. Following the meeting they would go back and try to create a short list of sites, a process they said would take approximately two months. they said would tak mately two months.

Trenton Alderman Murray Trenton Alderman Murray Workman also voiced his frustrations and questioned why the process didn't allow the consultants to go back and consider other categories of hydrogeological after no suit-able sites were found. "I'm a little saddend and "I'm a little saddend and

disappointed the process didn't allow the consultants to go back," Workman said.

back," Workman said.
Workman added that this
meeting was supposed to put a
number of area residents at
ease, but instead they have
"left landowners swinging in
the wind" which he felt was
"really unfair"
Hungerford
Township

Hungerford Township
Deputy-Reeve Doug Mumford
voiced another concern over
the absence of a representative
from the MOE Environmental ssment Branch.

He proposed the committee request direction from the EA branch before they proceeded in the process. Mumford's amendment to the original motion to hold a public meet-ing to discuss the consultants recommendation, was narrow-

## **Historical Foundation** holds election

Last month the Historical Last month the Historical Foundation held its annual elections. The new executive and directors for 1993 are: President - Reta Sporring, Vice-President Brian Sexton, Patti Newall, Anne Hinchliffe and Margaret-Webber. As in the past, if anyone has any news, artifacts, photos or memorabilia, please notify one of the above directors.

of the above directors.

The Historical Foundation and the Library Board are co-sponsoring a visit by author Gerry Boyce, who will come and speak about his new book and speak about his new book for Library Week on Sunday, April 25 at 2 p.m. at Trinity United Church. The public is welcome and there is no admission charge.

admission charge.
This month's meeting will be held on Tuesday. April 27 at 7 30 p.m. at St. John's Anglican Church hall on Durham Street North in Madoc.
Our guest this month is Dennis Geiberhart from Schoolhouse Gardens in

Warkworth.

Warkworth.

The schoolhouse gardens property consists of the schoolhouse built in 1847 and then acres of property which includes maple trees, apple trees and two acres of gardens included the perbey was applead to the perbey w including, herbs, vegetables

and flowers
The owners of Schoolhouse Gardens use their herbs, fruits vegetables to make ucts such as relishes, products chutneys and jams.

This should be a very enjoyable evening for all who attend. The public is always welcome and again there is no

welcome and again there is no admission fee.

Perhaps the aforementioned events are the best bargains in Madoc for the month of April!

The Victoria Day House Tour is fast approaching. This year the tour will be held on Sunday, May 23 from 11 a.m. to 4 p.m. The tour pass agains this year is \$7 per person and 4 p.m. The tour pass agains this year is \$7 per person and this includes a draw ticket for a water-color painting by Bob White of Stirling entitled "A Rural Home in Hastings County".

There will also be additional draw tickets available for \$1 each from the Historical Foundation members, Wilson's two locations and the

each from the Historical Foundation members, Wilson's two locations and the Review office. The painting will be on view in the near future in the Review office

The house tour will be focussing on Madoc Township this year, but there will be locations in the village too. The hours have been extended to make the day more relaxed and enjoyable for all.

The Queensborough WI will be serving lunch and afternoon tea and the Old Madoc Bakery Tea Room will be serving afternoon tea. Come spend the day with us and enjoy the beautiful homes and locations on this year's tour.

ly defeated by an 8-7 vote.
In opposing the amendment,
Deline said the committee has had difficulty in getting response from the EA branch all along, and waiting for a response could delay the process possibly six months or

So.
Study Ce-ordinator Amy
Shannon told the committee the EA branch finally returned her call and said that due to a 40 per cent cut in their budget they did not have the money to send a staff member to the Centre and South Hastings Waste Management Board

meetings.
The committee's solicitor
Wayne Fairbrother told the committee, that at this stage, the EA branch response is "absolutely unacceptable".

The committee went on to pass a motion to send a firm letter to the Environment Minister and the Premier statminister and the Frenier stating the committee is at a critical stage in the landfill selection process and need the direction from a member of the EA branch.

direction from a memoer of the EA branch.

In other business, Public Advisory Committee Chair Bert Carswell proposed a motion to have the committee contact the other 15 landfill selection committee throughout the province and set up a meeting to discuss creating a network between them.

Carswell felt the Centre and South Hastings Committee would have a stronger voice when talking with the province if it was allied with other landfill selection committees.

## Belleville "AAA" summer hockey program "unbelieveable success"

by Jeff Wilson

The buzz word around the elleville "AAA" Olympics

The buzz word around the Belleville "AAA" Olympics summer hockey program is "organization". It has the coaches talking about it, it has the parents talking about it, it has the parents talking about it. The fine job of organizing the summer program is credited to co-ordinator Doug Baumken who started the program from scratch. Baumken fell back on his experience with the "AAA" summer program he was involved with the Central Wolves organization in Lindsay.

If the numbers are any indication, the program is a great success. In the Minor, Novice category 48 players registered, 57 players signed up for Major Novice tryouts, which according to Baumken is an all time record, 'Minor Atom had 46 players sign up and Major Atom had 44 players sign up. Baumken said the registration was 'beyond exceptations', he added that if they had sufficient ice time they could field two very competitive teams in most of the age groups. If the numbers are any indi-

groups.

In an interview with some of the coaches they said they

This banner was hung in the Madoc arena to welcome players trying out for the Belleville "AAA" Olympic summer hockey orogram. This is just another example of why it is a first class organization

surprised at how organ-

were surprised at how organized the program was.
Coackes Neil Turner, Paul McKeown and Paul Murray were impressed with the sponsorship by Sommerville Sports which provided all the coaching staffs with jackets among other things.
McKeown said he was also

other things.

McKeown said he was also impressed with the meals that were provided for all the coaches. Roadmaster's Roadhouse provided all the food for the coaches.

Turner said the "AAA" sounder hockey program is good for the kids that are at the triple A level and want to improve their skills and it is equally good for the those players who are looking to move up to the triple A level. Murray agreed that the prime focus of 'AAA" summer hockey is on player development. Turner added that the summer hockey fills a real void for young hockey players. "The hockey season ends too

early, players don't want to be done in March or April when the NHL playoffs are just beginning. Turner, said. "Players are dying for ice time."

beginning. Turner said. "Players are dying for ice time."

The parents made a note of complimenting the organization, they told coaches they were impressed with the draws for players and parents, the barbecue set-up and the NHL memorabilia shop.

Baumken said he wanted parents and players to feel that they were part of a first class organization, whether or not they made the try-out quts. Sandy Burkitt, who is in charge of hotel accommodations for tournaments, said when you listen to parents in the foyer all you hear is how well organized the program is. She commended Sommerville who have been so co-operative and helpful to the program. As for other summer hockey organizers, the "Godfather of Summer Hockey" Frank Nicholson is quite impressed with Baumken's program and is sending as many teams as he can to the program's four planned tournaments. Nicholson has organized his Armprior summer tournament for 20 years.

## YOUR LOCAL REAL ESTATE AND CLASSIFIED MARKETPLACE

## Past students head for Marmora to celebrate high school reunion

by Wilma Brady

The replies to the pre-registration letter and forms sent by the Marmora High School Reunion '93 committee are coming in quickly and it appears as if many will make the May 10 deadline. The first couple to reply sent a \$25 donation. Harry and Jean Jenkins, of Belleville, were former teachers and look forward to attending most of the events.

forward to attending most of the events.

Emil Havara, of Peterborough, was missed on the mailing list. He came to Marmora, took his form home, and promptly mailed it back with his scheque. He will attend with his son Fred.

The first to respond from outside Canada was Joan (Warren) Smith. She is travelling from her home in Los Angeles, California.

A number of the Reunion visitors have indicated they will be in Marmora for the July 1 Canada Day activities taking place in the Village Park by Crowe River. Early evening they will attend a ball game in the Village, then fireworks at Booster Park, on Crowe Lake, followed by socializing at the Legion.

The newly formed Marmora & District Business Associa-tion are joining the festivities

and will conduct a beer garden in the downtown area on July 2, 3 & 4. The businesses also plan

3 & 4. The businesses also plan to remain open following the Friday evening parade with special discounts available. Registration and renewing acquaintances takes place at the curling club Friday and Saturday. A number of other

events are available including ball tournament, volleyball and tennis courts, pontoon boat rides, bus tours and car rally. Besides food being sold at booths in the park and business area. Marmora has several good restaurants. The special meals are: luncheon at Sacred Control to page 34 Cont'd to page 3A

Organ donor awareness week ...

### Signing an organ donor card a first step to saving lives

Peterborough - "Signing your organ donation card is only the organ donation card is only the first step to ensuring your legacy will give someone in need a second chance at life," says Scott MacLeod, medical adivsor to the Lung Association, Kawartha-Pine Ridge

Region.
"The most important step is "The most important step is to discuss your wishes with your family members so that they understand your desire to donate," Dr. MacLeod adds.
This week (April 18-24) is Organ Donor Awareness Week and The Lung Association is one group involved in promoting the cause.

"Life can go on when people make a commitment to helping

make a commitment to helping others," says Doreen Mutton, Kawartha-Pine Ridge Region

executive director.

"The most difficult of all organs to retrieve are the lungs." Ms Mutton says. "Fewer than 20 per cent of all donors can be lung donors."

"Lungs are easily damaged in accidents which greatly reduces the number of available for transplant," she explained. "The delicate lungs must also match the size of the person requiring the transplant, unlike other organs."

Since 1981, Ms Mutton says, patients with various forms of lung disease, including cystic fibrosis, emphsyema, pulmonary fibrosis and pulmonary hypertension, have received lung transplants.

Three different types of lung

Three different types of lung Cont'd to page 2A

Putting into summer: Oakland Greens Golf and Country Club entertained close to 600 people at their open house April 10 — a sure sign that local golfers are more-than-anxious to hit the links. Things are shaping up very nicely at the club, says General Manager Dick Burgis (seen above trying out one of the pro shop's new putters), and we were happy to see a lot of new members at the open house. The driving range was open on the weekend (though dampish weather got in the way Saturday) and the course itself should be open this weekend, pending co-operative weather — phone ahead if want to make sure about course conditions. Women's and men's league play opens May II and the juniors tee off May 29. The Twesday night two-man league is already full up and Mr. Burgis says they're signing up teams for a possible Wednesday mornings), the Women's 18-hole (Tuesdays), Women's 9-hole for brand new or inexperienced golfers (a Thursday league. All offers four free lessons) and the Juniors — are still open. For more information on league play and other activities at Oakland Greens call 696-2915. Photo/Bill Freeman

Celebrating 125 years...

## **Exhibition building** will get major facelift

By Isabel Stinson

Norwood - Well readers, almost four months of 1993 have gone into the History books and once again it is time to start thinking about the Norwood Fair.

Of course, one of the first things we have to decide is what the theme will be. Because it is our 125th anniversary, the choice of themes was not difficult. "125 Years of

Tradition" has been chosen and should be lots of fun to work with.

All you parade prospects can keep that therie in mind. I am sure you will be able to come up with some imaginative

#### Counting ribbons

Harold and I will be counting ribbons and rosettes soon in Cont'd to page 3A

in Cobourg. School board cutbacks, however, continue to place a strain on inter-school athletic travel. Hopefully, district schools (like the one in Norwood) will not have their athletic travel schedules disrupted.

Bruny Surin hopefuls: Two members of the Norwood District High School Knights track team blast out of the starting blocks during a practice Wednesday night. The first taste of actual competition will happen later this month

#### PUBLIC NOTICE

Smitty's Appliances says, "every store advertises they have the lowest prices." Smitty says, "don't fall for these gimmicks! Be honest with yourself. Go intly these stores, write down the prices, then come to Smitty's and see the PPLIANCES.

NELVIRATOR and WESTINGHOUSE at low, low prices. No fancy showroom, but qualisment clarky, sharp looking fridges, stovely, show the sharp control of the sharp clarky sharp control of the sharp clarky. The sharp clarky sharp control of the sharp clarky sharp clarky sharp clarky. The sharp clarky sharp clarky sharp clarky sharp clarky sharp clarky sharp clarky sharp clarky.

#### Head injury association meeting/open forum April 29

Peterborough - The Peterborough and District Head Injury Association | PDHIA1 will hold an important general meeting and open forum for all survivors and family on April 29 starting at 7:30 pm in the Nicholls Cafeteria Guest speakers will discuss the new ABI proposal.

It is important for people to attend this meeting, For more information call (705)741-1172.

Resource Centre guests: Caregivers who take advantage of the Hastings Resource Centre's "Caregiver's Time Out" Friday mornings have a chance to participate in special "Behaviour Management" workshops offered by the Northumberland Children's Centre of Port Hope. Every second Friday. Child Development Consultant Han Sun (centre) and Cathy Connor kright), a Child Development Worker at the Centre, visit the Hastings Resource Centre and lead an informal workshop. The workshops have been arranged by Nancy Gingrich of Tiddleypoms Nursery School in Hastings. Photo/Bill Freeman Resource Centre guests: Caregivers who take advantage of the

### Matinee of country talent will raise funds for PDHIA

Warsaw - The Peterborough District Head Injury Association will give country music lovers a treat when it hosts a "Country Matinee" at the Warsaw Town Hall May 2.

With help from Don Tandy and "Just Plain Country," this event (from 1 pm until 7 pm) will provide a foot-tapping good time for all who attend. Coffee, tea and soft drinks will be available but you must pack your own picnic basket. There will be door prizes as well.

All the proceeds from the Country Matinee will go to the PDHIA a non-profit organization serving the community.

### Signing an organ donor card a first step to saving lives

## Exhibition building

Cont'd from page 1A order to derermine how many order to derermine how many we have to order for this year's Fair. Is it possible that some of you might have a shoe box full of prize ribbons that you don't want to keep?

As long as they are clean and printed with our logo, we will buy them back from you. It would mean a little eytra cash

buy them back from you. It would mean a little extra cash for you and a smaller ribbon order for the Fair. Just give me a call (778-3365) if you have some that you would like to part with.

The Exhibition Building will The Exhibition Building will be undergoing a major facelift this year. It has been years since anything major has been done to this building other than roof repairs. The first thing to be done will be installing a new cement floor. The rest will come later. come later.

come later.

All Homecraft, Art and Photography, will be displayed in this building. No one will have to walk up the stairs to see the art and photography and it should be more convenient for both exhibitors and fairgoers. This will mean considerable juggling around but I am sure everything will fit in when the time comes.

Homecraft Preliminary Homecraft books are available at various

stores in the area. If you have trouble finding a book, please let me know and I will gladly see that you get one (778-3365). We have added a Woodworking Class this year. We have woodworking sections for several years now and the time has come to make a separate class for woodworking articles. There are 16 different sections – too many for me-to list here.

sections – too many for meta-list here.

One thing I could mention.

There is no class for bird houses. According to the experts, birds might prefer a different type of house than the

different type of nouse than the judges.
You are going to have to pick up a preliminary list to see what's there.
I noticed several addittional classes in photography as well.
You will have a great time snapping away all summer long

That will do for this month

That will do for this month.
I'll write again in May.
A Sporting Footnote - Did
you know that the game of
Baseball is mentioned in the
Bible? See Genesis, Chapter I,
Verse I; "In the Big Inning..."
(I'll try to do better next
month).

## MNR responds to complaints of aboriginal fishing right

A spokesperson for the Mini-stry of Natural Resources in Tweed has responded to the rweed has responded to the controversy over the allowance of the Mohawks of the Bay of Quinte to fish walleye as they make their annual spawning run into several carea

ing run into several area rivers.

The Mohawks live on a reserve at Tyendinaga, which is located 20 kms east of Belleville. Community members have historically fished in the Bay of Quinte area near the reserve.

With some of the Mohawks electing to exercise their aboriginal rights to fish for food this spring and harvest walleye from the Napanee. Moira and Trent Rivers, District Manager Paul Strassburger of the MNR has released a fact sheet detailing the Constitutional guarantees and a recent Supreme Court of Canada decision.

decision.

The fact sheet notes that "the court decision indicates that aboriginal rights should not be interfered with by regulations on fishing, such as

MNR biologists have also reviewed comments about trampling of walleye eggs and increased silting in the rivers but claim there is no evidence

that the 1992 harvest activity in the rivers during spawning had measurable detrimental measurable effects

The ministry says it will The ministry says it will monitor the harvesting activity on the Napanee, Moira and Trent rivers to estimate the number of fish taken and to ensure that harvesting of fish by the Mohawks is in accordance with Ontario's Interim Enforcement Policy.

The province's Interim

The province's Interim Enforcement Policy was put into place in May of 1991 to provide a structure that will allow aboriginal people to exercise their Constitutional Interim exercise their Constitutional rights regarding hunting and fishing. It will remain in place pending the development of negotiated agreements with individual First Nations and/or appropriate changes to exist-

appropriate changes to exist-ing legislation. The MNR has had several meetings already with both aboriginal and non-aboriginal people who are interested in this matter and plans to people who are interested in this matter and plans to continue these discussions. The objectives of these discus-sions are to ensure a better understanding of the issues by all concerned and to ensure continued conservation of the

hose in the Ontario Fishery Regulations if the regulations cannot be justified by a government. One example

cannot be justified by a government. One example where a regulation may be justified is when it is put in place because a particular fish of sustaining itself." The MNR release points out that there may be different conservation risk. It says: "The Supreme Court of Canada decision in the Sparrow case states that conservation is a concern when a population a concern when a population may have difficulty sustaining

"The Ministry of Natural Resources believe that spring fishing in the Napanee, Moira and Trent rivers by members of the Mohawk community is not a conservation risk because the current walleye population is estimated to be population is estimated to be high and because the harvest levels by the community during the spawning run are small. This is consistent with the Supreme Court of Canada Sparrow decision." Sparrow decision

## SENIOR LIFESTYLES SUPPLEMENT

## IRS may be getting ready to clip "snowbird" wings

By Douglas M. Parker, C.A.

The article addresses the taxation of Canadian individuals who visit the United States on a frequent basis, particularly those of us who spend at least four of our cold winter months down south. Based upon a recent set of regulations, the Internal Revenue Service (IRS) of the United States may be able to tax U.S. non-residents who visit—the

country on a regular basis.

The U.S. levies income and estate taxes on both citizens and resident aliens (non-citizens) of the U.S. Any citizen of the U.S. and any "Green Card" holder automatically has to declare his/her world wide income and pay income tax to the IRS.

Any person considered to be a resident of the U.S. under the new regulations will also have to file a

regular U.S. tax return with the IRS and declare his/her world wide income. The recent change that has been put into place is an expansion of the definition of a resident of the U.S. for

Previously, if a person did not live in the U.S. for more than 183 days in any one year, they were likely considered not to be a resident of the U.S. However, the thrust of the new rules is to catch people who live in the U.S. for periods of between four to six months of the year on a continuous

The rules now deem Canadians who are physically present in the U.S. for longer than 31 days in the year and who meet the "substantial presence test" is determined by the number of days that you are present in the U.S. in three consecutive years

If the number of days this year, one-third the number of days last year and one-sixth the number of days for the second previous year total 183 or higher, then you are found to meet this "substantial presence test" and you are considered to be a resident of the U.S. for IRS/income tax purposes.

If, in any one year you are in the U.S. more than 183 days, then you will be considered a resident for that year regardless of the previous years experience. This is similar to the old

person who meets the substantial presence test may still escape the clutch-es of the IRS if they can prove that they have a

Norwood

cleaning.

'Students Supporting Seniors'

Seniors

Norwood and Havelock can

now get a little help with their spring cleaning.

Thanks to the "Students Supporting Seniors" prog-ram, Peterborough County

Board of Education secon-

dary students will be help-ing senior and the disabled

members of the community

with odd jobs or cleaning projects May 4.

Once again, students from all PCBE high schools, including Norwood District High, will be avail-bale during the morning of

May 4th to do jobs such as window cleaning, yard work, car washing or house

Students do the work free

of charge and for their own safety are not permitted to do work requiring heavy

lifting, the use of a ladder, axe, chainsaw or electric

Spring cleaning help

available to local seniors

closer connection to another country. To establish this closer connection, they must file an "exemption" statement by June 15th of the year following the taxation, year in question. For 1992, the statement must be filed, generally, by June 15th, 1993. There are some extensions available.

A closer connection is based on a variety of circumstances which would indicate to the IRS that a person is truly a resident of another taxing jurisdiction. First, they must be a tax filer in another country. Second, they must be able to establish a home that is more permanent than that in the U.S. Factors that would be examined would be the existence of a perma-nent home, family ties, nent nome, raminy tes, automobiles, furniture, social and political connec-tions, religious affiliation, banking and investment locations, business affilia-tions, driver's licence. voting privileges, etc.

If the closer connection is not accepted by the IRS as an exception to the substantial presence test\_or the "exemption" statement is not filed on time, then the States Canada/United States Income Tax Convention (tax treaty) help reduce double taxation where it would otherwise arise Canada/United

between the two countries.

However, a tax return
(and possibly other information returns) must still be filed with the IRS together with a statement and reasons to support any tax relief that may be claimed under the tax treaty. In addition, there may

Last fall's "Students

Supporting Seniors" prog-ram was the most success-

ram was the most successful one yet in Norwood and Havelock and students at NDHS are hoping that local seniors take advantage of this worthwhile community

Anyone interested in having a student come to their home can make arrangements by calling NDHS on Tuesday, April 27

between 6:30 pm and 7:30 pm.. Students and teachers

will be there to take calls.

Anyone

still be U.S. taxes to pay. Given the clear history of IRS audits and their interest in non-residents of the U.S., if you meet the substantial presence test, the "exemption" statement should be filed by June 15th, 1993, to establish a closer 1993, to establish a closer connection to Canada for income tax purposes. The complications and costs involved with being consid-ered a resident of the U.S.

for income tax purposes as a result of not filing the "exemption" statement can be significant. If you are uncertain about your current U.S. income tax status, please contact any of our offices to obtain

(Douglas M. Parker is a tax partner in the Belleville Welch and Chartered Company Accountants).

advice specifically tailored to your particular situation.

## Workshop for seniors April 27th

The Hastings and Prince Edward Council on Aging is besting a workshop for hosting a workshop for seniors to be presented in conjunction with the Ontar-io Coalition of Senior Citizens' organizations on Tuesday, April 27th. The location is the Eastminster United Church, 432 Bridge Street East, Belleville, from 9 a.m. to 3 p.m. The cost of the workshop is \$5 and will include coffee,

lunch, resource and educational material.

The workshop will give seniors the skills they need to communicate effectively and ideas, opinions concerns that affect their lifestyles to government, business, industry and hirestyles to government, business, industry and services. The topics to be discussed are personal advocacy training for seniors, the decline of the health care system and housing issues for seniors.

Seniors will directly benefit from this hands-on, practical workshop.

### APPLIANCE SALE RUNNING TILL THANKSGIVING WEEKEND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rehuild refrigerators cheaper than our competition. We have just purchased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers

Smitty likes competition - it keeps one on their toes & prices in line. Smitty says check our competitors browse thru our warehouses & see obligated to buy, just come & see for yourself our very clean & modern are thinking of buying or selling your appliances, see Smitty just for an

### Couple change to Bay Castle Homes to offer more economical product

by Jeff Wilson

Jim and Rosemary Hatch haven't moved on. They have just changed suppliers and now have a more economical modular home product to

modular home product to offer.

The couple Telt their previous supplier's line of modular homes were more geared to a Toronto market and not suitable for their clients in this area. So they decided to make the switch to Bay Castle Homes line out of Quebec.

Though the Quebec firm is a new name in this area; the Hatchs explained the company has been in business for over 20 years, has built over 6,000 homes and is well known in northern Ontario, including North Bay and Timmins.

The line of homes range in size from 1,000 to 15,000 sq. ft.

size from 1,000 to 15,000 sq. ft.
The homes are constructed
with Grade A materials including kiln dry lumber, foil back dry wall and are up to R2000 ecifications.

In an interview, Rosemary said the new line has allowed them to become more competi-tive in the marketplace, and added that a number of people have said their prices are lower than those of private builders.

Rosemary said people looking at the new line have been impressed with features that

are standard in the homes Some of the stand standard

features include, four piece bathroom, vinyl doors steel insulated as well as a frosted panel. The home buyer has a choice of six different patterns for their frosted pane

Each kitchen has a standard island feature. As in R2000 homes, air exchangers are also standard in the Bay Castle line of homes

of homes.

The finished-product has a 10 year standard warranty and a one year service guarantee. The one year service guarantee Rosemary said is something that is very rare and usually not offered by private builders. builders

The Hatchs believe they will The Hatchs believe they will be in for a busy, year, with interest rates as low as they have ever been, the market is definitely right. "If people are inferested in buying a home, this is the year to do it." Jim said.

He added that builders have been holding a line on pricing for the past three years, but with soaring lumber prices, the cost will have to be past on to the consumer in the near

Purchasing a modular home as described by the Hatchs seems like a simple process. Once a buyer chooses a particular model, the home is delivered in six to sight models. ered in six to eight weeks, it takes another two weeks to complete the hook-ups and

complete the carpeting and then the new homeowner can

With their new line and lower prices, the Hatchs suggest people who have received quotes in the last year should drop in to get a requote.

Memoriams BELL - In loving memory of a beloved son & brother Stephen Marcus (Marc), who passed away April 20, 1983.

Marc, it's 10 years since you were taken from use.

Marc, it's 10 years since you were taken from us, — April comes and saddens my heart. The month & date I will never forget. He had a cheery smile, a pleasant way. A helping hand to all he knew. He was so kind, so generous and true. On earth he nobly did his best, Grant him, Jesus, Heavenly rest. He will forever be missed and loved by his mother Eileen, brother Graham and sister-in-law Kathleen.

LINDALE In memory of a dear father, grandfather. & great grandfather. Thomas Joseph, who passed away April 20, 1988. We think of him in silence. No eyes can see us weep. But still within our aching hearts, this memory we keep.

Always in our heart & never forgotten. Tom. Bonnie & grandchildren Cheryl, Debbie & Pattle, great granchildren Tara & Collin

## Beautify your yard with easy-to-build pond

If you really enjoy being in your yard and would like to give it that extra dimension to give it that extra dimension to make it even more enjoyable, as well as the envy of the neighborhood, here's a great suggestion - put in your own yard pond! Too much trouble?

Don't know how to do it? Through new technology, all these worries are needless.

Installing your own garden pond is simple, maintaining it is easy and best of all, your pond will provide years of trouble-free enjoyment.

How do you construct a garden pond? Start by selecting a location on your property where the ground is fairly even, although because of the flexibility of the liner some leveling can be achieved when digging your pond. The pond should be placed where it will get approximately six hours of sunlight per day.

While you can place your pond anywhere, it is not recommended to place it directly under trees, since fall-ing leaves can foul the water and tree roots will make digging difficult.

Using a heavy garden hose or a rope, free-form your pond design to conform to your landscaping scheme.

When constructing your pond, dig both a shallow area

YARD PONDS: Easy to construct, easy to maintain, beautiful to

and a deep area. Fish will feed on insects in the shallow area, and it is the ideal place for potted plants such as lilies.

The deep area will provide security for your fish and protect them from birds and small animals. Depending on your climate, the deep area of your pond should be anywhere from 24" to 40", and the shallow area from 4" to 12".

After digging out your pond location, line the ground with sand, carpet padding or even old newspapers, before installing the liner. This will protect the liner against sharp, protruding objects such as roots and rooks.

To create that professional

look, build a rock border around your pond, allowing the rocks to overlap the edge of the pond by 1" or 2". You can landscape back around the pond and even build a patio if desired.

## Home repairs simple with right technique, products

Few do-it-yourselfers escape homeownership embarking on some kind of repair project due to a home disaster - whether it's the disaster - whether it's the wreckage created by student tricycle drivers or amateur furniture movers doing their best "bull in a china shop" imitation. No matter what the

imitation. No matter what the cause, one of the most common projects DIYers tackle is repairing holes in drywall. "Repairing drywall can be an easy do-it-yourself project," comments Tom Philbin, author of Home Fix-it Secrets of the Pros. "However, to got professional.lowking to get professional-looking results, you need the right techniques and products to get the job done.

#### Size the situation

If drywall damage is larger than 6 inches, plan on install-ing a wire mesh backing. First

#### JACK D. BRUNTON & SONS LTD.

Mobile 705-741-6615 pull out loose pieces of drywall and cut away torn surface paper with a utility knife. Roughen the edges of the hole

with coarse sandpaper and brush away the dust.
Use a light grade of wire mesh to form a backer, cutting it about 2 inches larger than the opening. Then loop a string through the mesh's center. Coat the mesh's edges with joint compound or spackling compound, working the entire piece into the hole.

#### Repairs

Holding the string taut, reach into the hole with your other hand, and coat the hole's edges with spackling. Tie the string taut around a pencil, then twist the pencil against the wall to brace the backing fromly in place. Remove the firmly in place. Remove the pencil when the spackling dries.

#### Ready to spackle

It's easy to get professional results when patching if you use the right technique and spackling compound. You'll want to use a lightweight spackling compound that dries fast, doesn't shrink, and there-fore requires little - if any -

fore requires little - n any sanding.

Large holes or small, it's, important to roughen remaining damaged drywall with coarse sandpaper and brush away loose particles. Next, dampen the sanded area with a moist sponge and apply prockling. spackling.
You generally need to mois-

ten an area to prevent spack-

ling from shrinking. However, you can eliminate that step when you use advanced-formula spackling compounds, which dry without cracking or sagging. Most spackling comes premixed in reclosable tubs for easy use. easy use

To fill the dent, pack spack To fill the dent, pack spack-ling into the damaged area with a flexible 2-inch knife, working from the center to the outside edges, until the patch is flush with undamaged area. Then sweep the knife out across the undamaged surface, scraping off excess compound.

Finish the job by sealing the repair with primer and a top coat of paint. Some spackling compounds do not need sanding. However, check your product label for finishing instructions.

## Screen porches are making a comeback

SCREENING ALLOWS ENJOYMENT of porches and patios without bothersome insects. Here, black aluminum screening offers such excellent outward visibility, that it actually seems to disappear into the landscape.

When school is out for the When school is out for the summer, the home can suddenly grow too small for all the family hubbub, and air-conditioning bills will soar. The answer to these problems often lies – over-looked – just outside the front door. A little-year porch can become a used porch can become

used porch can become a breezy, private oasis with the simple addition of screening. After decades of neglect, screened porches are enjoying a massive revival, says the Screen Manufacturers Associ-ation (SMA). Not only are Screen Manufacturers Associ-ation (SMA). Not only are families replacing old, torn screens, but they are moving to enclose formerly open porches as well.

porches as well.
Spurring the comeback are
the savings generated by using
Mother Nature's air cooling
instead of the utility
company's, and the need to
find more living space when
larger homes are unaffordable
in today's market. Another
incentive is the do-it-yourself
convenience of modern materconvenience of modern materials such as inexpensive, easy-to-handle screening that to-handle screening that stands up to year-round weathering.

#### Multi-purpose space

pleasure rediscovered on the screened porch is outdoor dining, rescued from the insect-besieged patio. Most

of all, families are realizing that screening provides the subtle psychological privacy that makes for a relaxing retreat. Screen walls define a retreat. Screen wans detaile a space within which one can use plants. bugs, wicker and other accent pieces to make a room that is enclosed and apart from street and neighbors, yet open to the beauty of the outdoors.

#### Carefree coverage

Regardless of the reasons, nousands of homeowners are installing screening on weekends and enjoying indoor/ outdoor rooms all through the

outdoor rooms all througn the summer months.

Do-it-yourselfers have sever-al screening options to choose from today. The first is woven fiber glass' screening, which offers several advantages. Fiber glass will not curl or stretch while you work with it, nor will the tough, vinyl-coated mesh dent. corrode or rust. mesh dent, corrode or rust. The most popular colors are silver gray and charcoal.

Aluminum screening is resilient and rustproof and comes in three colors: bright (natural) aluminum, charcoal and new Black. In the past, bright aluminum has been the preferred screening, but charcoal and Black finishes are becoming increasingly popu-

# lar. Charcoal offers good outward visibility, while Black provides the best possible view to the outside. It actually seems to disappear into the background when you look

background when you look through it.

Fiber glass and aluminum screening products are avail able in many widths to accom-modate various porch panel sizes, and each is easy to work with and durable.

#### Screening methods

Durability is a very impor-tant factor for the do-it-yourselfer because most often,

## Screen porches are making a comeback

Cont'd from page 13A

Cont'd from page 13A
screening is installed for
permanent; long-time use. On
a roofed open porch with
corner pillars, it is only necessary to insert 2 x 4 wood strips
along the floor and ceiling,
then 2 x 4 vertical supports at
intervals and, finally, a horizontal rail at chair-back
height.

Screening is then unrolled vertically and stapled into place, and wooden strips are nailed on to cover the staples around edges and at the chair-rail bar. Even when a porch has a waist-high brick or wood railing, often it is easier to screen with new framework

screen with new framework outside the existing railings. When porch floors are masonry, a carbide-tipped masonry drill bit and non-rusting screws in lead sleeves are needed to affix the wood base strip; otherwide, the procedure is the same. In all screening jobs, vertical studs should be placed to allow installation of standard-size screen doors.

size screen doors

#### Removable screening

Building removable screens takes more time and carpen-try, but is well within the skill level of amateur woodworkers. With careful measurements in hand, a home handyman can construct frames and screen them. And of course, replacing worn-out screens is also very simple.

#### Repairing winter-damaged lawns

Every homeowner dreams of a lush and green lawn. Howev-er, your lawn may not be the picture of health this spring-fall's leftover leaves and wint-er's frost may have damaged your lawn and left spots of

your lawn and left spots of brown, dried grass. A quick method to restore your lawn to its green glory is to spot patch the area. After loosening the soil in the

affected area to a depth of six

inches, spread a 2-inch layer of plentiful, sustainable peat moss over the spot. Top with a thin layer of starter fertilizer and work the mixture into the top six inches of soil.

Reseed at a concentration of eight to 10 seeds per square inch. Rake lightly so seeds are barely covered, top-dressing with a quarter-inch peat moss. Be sure to keep the seeds moist until they germinate.

## Add new life to your home

Blossoming flowers, a rebirth of nature - the joys' of spring are almost upon us. So who wants to be saddled with the tough chore of repainting the house when the year's most liberating season is just

liberating scasma ahead?
Smart homeowners can take this tiresome task off their list of springtime jobs - permanently - when they reside their homes with solid vinyl siding. And instead of repainting the same old color again, they can

same old color again, they can dramatically change the exter-ior of their homes with the wide selection of solid vinyl siding designs and colors now available. No longer are homeowners limited to one style or

color.

Major manufacturers have expanded their product lines in recent years to appeal to the wide range of tastes of today's style-conscious consumers.

Working with qualified professional home remodelers, homeowners can add interest-

TODAY'S STYLE-CONSCIOUS CONSUMERS can choose from a TODAY'S STYLE-CONSCIOUS CONSUMERS can enouse from wide range of solid vinul siding designs and colors to add interesting architectural detailing to their homes. Manufactur-ers have expanded their product lines in recent years to include various widths, textures and designer colors, in response to homeowner demand for creative options in siding styling

ing architectural detailing to their houses with creative applications of solid vinyl siding. Siding applied vertically, horizontally, in combination,

or in a chevron "V" pattern, can create a striking effect on a home's exterior. Gables, dormers and porches are areas particularly suited to architec-tural detailing.

### What homeowners should know about their central air systems

Homeowners in need of replacing their central air conditioner or heat pump should be aware that their new system won't perform up to the promised efficiency if the indoor unit (or coil) is not properly matched to the outdoor condensing unit, says the Air-Conditioning and Refrigeration Institute (ARI).

The indoor and outdoor units are designed to work together as a coordinated "team" to provide top performance and maximum efficiency and comfort. If homeowners install a new, high efficiency outdoor

· a decision of excellence unit, but don't include a new. equally efficient indoor unit, the results could be uncomfortable, f expensive. frustrating, and

when the air-At best. conditioning or heat pump components aren't properly matched, homeowners will get matched, homeowners will get less cooling or heating - and pay higher utility bills. The system will still work up to the design efficiency, costing homeowners money and possibly providing inadequate comfort.

At worst, improperly matched components could

## **Experts advise: Vent roof** properly to extend its life

Take the heat off your roof and cool down your utility bills with a spring home improve-ment plan that includes a look at just how well your roof is ventilated. The objective is to ventilated. The objective is to reduce high heat loads and moisture buildup that can cause damage on top of and beneath a roof and increase utility bills.

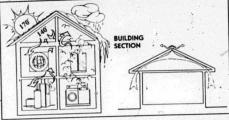

utility bills.
"Many homeowners don't realize until it's too late that heat and moisture can really damage their roofs. This is where a good ridge ventilation system helps extend roof life and protects structural supports by naturally exhausting heat and moisture. Home ing heat and moisture. Home heating and cooling costs are also lowered

also lowered."
Heat builds up on a roof to
temperatures as high as 170
degrees on a clear, 90-degree
day. In a tightly insulated or
improperly vented attic, temperatures can reach 140
degrees. Working together,
heat loads like these can cause heat loads like these can cause shingles to curl, turn brittle and break off, leading to a costly roof replacement. The roof deck, trusses and cross members can also warp and creating structural sag, cre problems.

sag, creating structural problems.

Trapped in an attic, heat drives air conditioning costs up as it radiates back down into a home's living space. In cooler weather, moisture from household activities like cooking, washing clothes and showers, builds up in an improperly ventilated attic and condenses on the roof deck, trusses and cross members, thereby leading to premature rot and warpage. Condensation can also reduce the R-value of insulation by as much as one-third when it drips down onto the attic floor. the attic floor.

Ridge ventilation helps eliminate these conditions. Using a venturi or vacuum effect, ridge ventilation draws air through soffit vents placed beneath the eaves of the roof into the attic, where hot air rises naturally. Hot air as well as moisture are then moisture

AN IMPROPERLY VENTILATED ATTIC traps damaging heat and moisture from various sources (as shown on the left), which ana moisture from various sources (as snown on the left), which increases utility bills, and can ruin a roof and structural supports. Proper ridge ventilation (diagram or right), constantly draws air in at the soffits, into the attic and exhausts it out through the ridge vent, lowering utility bills and prolonging roof

exhausted through a slot cut along the length of the ridge across the roof. A ridge vent system is installed over the slot and under the ridge cap

slot and under the ridge cap shingles.

This extends shingle life by cooling down the underside of the roof in warm weather and protects structural supports, insulation - and even family heirlooms and artifacts stored in the attic - from moisture damage in cooler weather.

Many shingle manufacturers require proper ridge ventila-tion to validate homeowner

warranties on their products. It adds years of life to your roof, using the natural flow of air without the need for gable vents or aluminum turbines and fans that require periodic maintenance, use electricity, and tend to clutter a roof.

An under-the-shingle ridge

and tend to clutter a roof.
An under-the-shingle ridge vent also improves the curb appeal of your home, because after it's installed, it can't be seen. The product can be installed with many types of roofing materials, including fiber glass shingles, cedar, and flat tile.

# HOME IMPROVE

## **Energy-saving motion detector lighting:** The bright way to install home security

Vandalism and home break-ins are occurring at record rates. While police depart-ments toil to reduce the inciments toll to reduce the inci-dence of home burglary, the National Criminal Justice Reference Service estimates that 72 percent of all house-holds have a lifetime likelihood

that 72 percent of all nouseholds have a lifetime likelihood of being burglarized.

How, then, can consumers help protect themselves and their property? According to crime prevention experts, bright lighting is one of the biggest deterrents to prowlers, and many recommend use of motion detection lights to "catch" an intruder before he enters your home. A motion detector security light will automatically turn itself on when motion is sensed in the protected area, alerting a would-be prowler that he's been spotted.

How it works...intelligently

#### How it works...intelligently

How it works...intelligently
Today's units utilize a hightech passive infrared system
to concentrate on a selected
area. The motion detector
studies the darkened area and
responds only when a heat
source, such as a person or
automobile, moves in to the
protected zone. When the
motion detector senses movement, it instantly turns the ment, it instantly turns the outdoor lights on.

Systems are available that ill also activate indoor lights or alarms, alerting homeow-ners of zone violation and prompting intruders to flee. After motion stops, lights will stay on for a predetermined time, then shut off

automatically.

Motion detector lights are easy to install and simple to operate. Most come pre-wired and fully assembled, with easy-to-follow instruction

MODERN MOTION DETECTOR LIGHTS come in various styles and colors to complement any home. These motion detectors utilize a high-tech infrared system to sense movement and automatically turn lights on to welcome you home, greet visitors or deter prowlers

manuals. Several products utilize a unique 3-step crossbar installation technique, which eliminates the headaches of trying to match fixture mount-ing holes to a given junction box.

Convenience and energy savings

From dusk to dawn, automatic lighting instantly comes on to welcome you home, greet

visitors and conveniently light a path to your door. Lights stay on as long as motion is detected, but shut themselves off when they are no longer needed, providing valuable energy savings.

As more consumers have opted to remodel rather than move, there's been an explosive demand for decorative outdoor lights with built-in

outdoor lights with built-in motion detectors.

## Drought-resistant gardens could save up to one-third of water

Warm-weather water use could be reduced by about one-third if more homeowners learned to apply the techniques of xeriscaping (pronounced of xeriscaping (pronounced zir'e-skaping) - using land-scape designs and horticultur-al methods that minimize water use, says a Cornell University landscape horticulturist horticulturist.

With the recent droughts. With the recent droughts, rising water costs, and dwindling cleanwater supplies, xeriscape gardening is becoming ever more important, says Donald A. Rakow, an assistant professor of landscape horticulture in the College of Agriculture and Life Sciences at Cornell.

Save money, energy and time

Consumers and professional Consumers and professional landscappers not only can reduce their water needs by applying xeriscaping principles, but also can protect their gardens from dry spells, save money, energy and time, as well as reduce pest problems, erosion, plant stress, weed growth and maintenance needs be says needs, he says.

Rakow suggests that home-wners consider these facts: \* Homeowners tend to apply

about twice as much water their landscapes as they really

\* More than half of the water applied with sprinklers and other overhead devices is

other overhead devices is wasted on non-targeted plants, sidewalks and driveways. \* Up to 40 percent of the total water used during the growing season is for landscape irriga-tion, yet this amount could be reduced significantly.

ition, yet this amount could be reduced significantly. "Xeriscaping doesn't mean having to settle for dull colors and cacti." emphasizes Rakow. "Xeriscaped gardens can be beautiful. They include drought-resistant plants and also plantings that requiremore water, but that are clustered so that only a small be heavily watered. "Even wet seasons often

ne neavily watered.
"Even wet seasons often have dry spells that can stress many plants," Rakow pointed out. In 1989, for example, the growing season was quite wet, yet at least 10 consecutive days growing season was quite wet, yet at least 10 consecutive days were very dry. "Any period with 10 dry days stresses plants that are not drought-tolerant," he says.

To xeriscape a garden, seven principles should be applied,

### **HASTINGS** CONCRETE

**OUALITY READY MIX**

We've Built Our

he says. Plant selection is the only guideline that may vary from region to region.

\* Proper design: Group plants not only by how well they look together but also by

their similar water needs.
\* Soil preparation: Use plenty of organic matter, such as peat moss or compost, in preparing the soil.

reparing the soil.

\* Consides reducing the areas devoted to turfgrass to those where it is needed for aesthetic and recreational uses. Since turfgrass is by far the largest user of water in the landscape, substitute some areas with ground covers, mulches, ornamental grasses or flower beds, or use newer, drought-resistant turfgrass types, such as improved tall fescues.

Be aware of

#### Be aware of watering requirements

Keep turfgrass areas sepa-rate from other plantings because they have different water requirements.

water requirements.

\* Use about four inches of mulch, such as wood chips or shredded bark. Mulches also reduce weeds, help prevent erosion, and contribute to the exame matter in the sail. organic matter in the soil.

\* Choose low-water-demand plants as much as possible.

Common flowering plants. such as petunias, pansies. impatiens, coleus and begonias, require a lot of water, Good substitutions include-yarrow, sedum, veronica, gazania; gaillardia bee balm and ornamental grasses, such as miscanthus and pennisetum mixed in flower beds.

\* Adopt efficient watering systems. Rakow recommends drip irrigation, which specifically targets plants that require watering. Drip systems release water at a pressure and rate at which it

pressure and rate at which it will be absorbed.

#### Other systems

Other recommended water-ing systems include soaker hose and bubbler systems.

nose and bubbler systems.

\* Good maintenance will
not only promote plant health
but also water efficiency.
Prune, fertilize and divide
plants as needed.

An additional advantage of xeriscape gardens is that they may require as much as 50 may require as inucras by percent less maintenance by needing less mowing, only once-a-year mulching, fewer waterings, and less replace-ment of weak and unadapted

# HOME IMPROVED

## Give a decorating facelift to your home

Does this sound familiar? Your house has lost its zip – if it ever had it – and everything in it has started to look tired and blah. A total pull-out-the-stops re-decoration is out of the question – you have neither the question - you have neither the financial resources or the ener-gy - but you feel the need to do

gy - but you feel the need to do something to spruce things up a bit. What do you do?
According to Judy Mashburn of Laura Ashley's Interior Design Service, "With a little ingenuity and effort, plus a relatively small amount of money, you can revitalize your tired rooms by refurbishing what you have, discarding or canceling what you hate, and spending for those extraspecial accents that will give your home a fresh new look."
Mashburn suggests that some of the most effective quick fixes for outdated rooms

some of the most effective quick fixes for outdated rooms are the simplest or least expen-sive. "You should try to look at your home as objectively as possible to determine which pieces have potential for a new life, which are fine as they are, and which are unsalvageable," she says. "Then figure out how to improve the ones that fall in the first category, move around the ones that fall into the second, and get rid of those in the third category."

Here are some tips from the

Laura Ashley design pros for bringing new life to your

\* Use furniture placement to add interest to boxy rooms or those that lack architectural details. Experiment with furni-ture placed on the diagonal, or perhaps perpendicular to the wall instead of against it. Create interesting angles with

Create interesting angles with area rugs.

\* Richly colored walls can put an entirely new perspective on a room.

For dramatic effect, try a deep-toned color for your walls, such as navy, burgundy, or dark green, an especially effective backdrop for lighter furniture and light ground print fabric. Or select a lively bright color to cheer up lifeless rooms.

\* Decorative screens are not only easy to make, but they are one of the most versatile decor-

ACCORDING TO THE DESIGN EXPERTS at Laura Ahley. sometimes the simplest changes can lift a room out of the doldrums. First determine how to improve what you have. Here, an old sofa was brought vivially back to life with a lively stipcover, some extra padding, and a few plump cushions. Add interest to box rooms by pulling furniture away from the walls into the center of the room, anchored by a strongly patterned rug. Rather than plain painted walls, add textural interest with a subtly patterned wallpaper.

ative accessories. Add a color accent to a room by gathering fabric panels on a hinged frame or cover plywood hinged panels with fabric stretched over polyester batting. They can create interest in a dull corner, conceal unsightly radiators or viewless windows, or provide hidden storage space.

space.
\* If a room lacks architectural interest, add decorative
moldings or wallpaper border.
Used as chair-rail height, they

Used as chair-rail height, they create an illusion of spacious-ness, while those placed just below the ceiling can give a room a feeling of more height.

\* Rather than plain painted walls, add textural interest with a subtly patterned wall-covering, such as the tone-on-tone designs.

covering, such as the tone-on-tone designs.

\* If your room lacks a strong focal point, this may be the area in which to invest. A wonderful patterned rug or a stiking painting, for example, can set the tone for, the room and help you choose complementary colors.

\* Fabrics often are the simp-lest and least expensive way to freshen a room.

freshen a room.

If you can't afford new

upholstery, and your old pieces have good lines and several years of wear left in them, it may make sense to have inexpensive slipcovers made. You can even add padding under the slipcovers and new fuller cushions if your upholstery is too sleek and linear instead of sumptuous and overstuffed. Choose a complementary fabric to update your window treatments. treatments.

treatments.

\* Nothing creates a quicker change than a new bed ensemble for your bedroom.

With the enormous diversity of styles available, you can create an entirely different look with the purchase of a new bed ensemble, coordinated window treatment, and decorative accessories such as ative accessories such as lamps and rugs.

Dust and difficulty in cutting holes in drywall for electrical outlets and switches also prevent many DIYers from tackling a drywall job. A new power tool for your home work-

shop can solve this and other problems.

The tool is a mini-router that slices through drywall or other materials with ease.

### How to increase your yard's size

MODULAR RETAINING WALL SYSTEMS make it easy to build attractive, spacemaking retaining walls.

If you want to increase your yard's useable space, as well as its value, consider today's new retaining wall systems. Gone are the days of poured concrete and rebars. Today's new generation of retaining wall systems allows homeowners to enlarge their outdoor living space quickly and living space quickly and

easily.

Flat yards can gain interesting variations with the addition of a raised-bed garden or an elevated patio. Uneven landelevated patio. Uneven land-scapes can be reshaped with a series of tiered retaining walls, And sloping land can be terraced to create flat sections for such things as parking spots or a child's play area. Retaining walls also can high-light trees and shrubs' and prevent erosion. Recently, new systems have emerged that make building retaining walls quick and easy. These systems consist of

small, inexpensive retaining blocks that assemble easily. To install a wall, simply dig a trench to form a base, stack the blocks to the desired

height, and fill in dirt behind

your new wall

Because of a special lip that prevents slippage, holds back dirt, and allows proper drain-age blocks do not require mortar, clips or rebars. With the look and feel of real stone, these blocks last for decades.

#### Slashed tire

OPP are investigating a complaint of a slashed tire on a GMC Jimmy parked at the rear of 1 McGill Street in

rear of 1 McGall Street in Marmora. On April 8 at 9 p.m., the victim parked his vehicle at his residence. The vehicle was checked the following morning and the right front tire was found to be have been slashed

by a knife. • / The investigating officer is

#### Do you want to play softball this year?

Do you want to play softball this year? Then come to Ivan-hoe. This year's registration is being held on April 24 at the Ivanhoe Hall from 9 a.m. to 12

Ivanhoe Hall from 9 a.m. to 12 p.m. We have ball for all ages. T-ball 4 to 7, Mite 8 to 9, Squirt 10 to 11 and Peewee 12 to 13.

Last year Ivanhoe had 95 kids sign up, both boys and girls. They had 41 in T-Ball, two teams in Mites, a girls' team and a squirt team. This year we are adding a Peewee team.

The Squirt boys lost only three games. They advanced

three games. They advanced to the championship game last year in the final tournament. This is something to be proud of as softball has only been going in Ivanhoe for three vears

The league is also proud of the coaches that included Will the coaches that included with Preston, Barb Preston, Russ Alexander, Jim Pongracz, Wayne Allore, Larry Gough, Wayne Lain, Gary Buxton and Jim Spencer

This year the league has a new diamond to play on. They held a rock picking day last year where all the ball kids and some parents came out and helped clear the land of rocks. Now its been seeded and ready

At the end of the season the league held a party for the T-Ball teams where every T-Ball teams where every player received a hot dog, pop and freezie. Then they were each presented with a trophy. The older groups also have a banquet at the end of the

season. Each player enjoyed a pot luck supper and coaches presented their team trophies.

Wally Sawkins. Anyone with information on this crime is asked to call Madoc OPP or Crime Stoppers

Hockey equipment stolen
The theft of hockey equipment from a vehicle parked in the Marmora arena parking lot is under investigation of Madoc OPP

Madoc OPP
The victim left his equipment in the cab of his truck and when returning to the vehicle discovered the equipment was gone. A description of articles stolen are on file at the Madoc OPP detachment.

#### Tykes wrap up season

Another successful year has come to a close for the Madoc Senior Tykes. Wrapping up their final month of the season, our boys participated in a number of games and two fournaments

On March 9th, Madoc hosted Belleville at the Madoc arena and drew a 2-2 tie. Josh Leaer scored both of Madoc's unas-

scored both of Madoc's unas-sisted goals. \*

The following Saturday,
April 13th, Trenton travelled
north to meet our team and
returned home with a 5-1
victory Adam Alexander

victory Adam Alexander scored Madoc's lone goal on a breakaway play. During the March break the Madoc Senior Tykes accepted an invitation to participate in the Tweed tournament. In our first game of the tourney Madoc met the Picton "Little Gems" and came away with a convincing 6-2 win. Scoring for Madoc was Josh Leaver with a hat trick, and single goals from Adam Alexander, Mike Stein and Greg Smith. Brad Robinson received two assists with Jeff McCann and Greg Smith pick-

McCann and Greg Smith pick-ing up one apiece.

Game 2 found our boys matched against the powerful Tweed Tykes, who managed to shut us out with by a 4-0 score.

On March 27, our Madoc team travelled to Campbell-ford to engage in a return

team travelled to Campoell-ford to engage in a return game in their arena. Although the opposing team registered a 2-0 victory, the game prepared our boys for another match-up with Campbellford the following day at the Stirling following day at the Stirling tournament

The first game of the tourna-ment sent our Madoc team early to Stirling to face the

Frankford Senior Tykes. A tough game followed with Frankford coming out on top by an 8-3 score. Madoc's thre goals were scored by Josh

Leaver, with two assists from Brandon Dacuk and a single from Mike Stein. Josh Leaver received the MVP award for

In Game 2 Madoc came up against the big Tweed machine who once again held our boys back, allowing us only one goal and winning the game 6-1. Josh Leaver firred in Madoc's goal on a passing play from Jeff Preston and Jamie Campkin. The MVP award for Madoc was presented to our goaltender Donald Alexander,

The Madoc Senior Tykes then advanced to the "C" Championship game playing

Championship game playing the Campbellford Colts. Josh

Leaver opened the scoring for Madoc on an unassisted breakaway goal. At the end of the seeond period Logan Cassidy had scored a goal number two and Josh Leaver added a third on a pass from Jeff Preston to tie the score 3-3. Late in the third period Campbellford moved ahead by one goal, but Madoc refused to give up. With 1:28 left, Josh Leaver tallied for Madoc on a beautiful up. With 1:28 left, Josh Leaver tallied for Madoc on a beautiful passing play from Mike Stein and Logan Cassidy, tying the score and sending the game into overtime. Five minutes of into overtime. Five minutes of end to end play followed and with 25 seconds left in the overtime period Mike Stein sent a pass up centre ice to Josh Leaver who fired in the winning goal. Madoc won the match 5-4 and captured the "C" Championship game.
On March 30, Madoc played

host to Belleville and notched a 2-1 victory. Madoc's two goals were scored by Josh Leaver, unassisted and Brad Robinson with an assist from Josh

The Senior Tykes final game The Senior Tykes final game of the season was played April 6 in Tweed. The Tweed squad took the game with by 6-1 score. Greg Smith scored Madoc's lone unassisted goal. Congratulations to the

Congratulations to the Madoc Senior Tykes on a fine season and special thanks to the coaching staff, Russ Alexander, Stan Stein, Tom Preston and Mike Taylor.

### **CHSS**

News

by Anita Ramski

Well, the students at CHSS are still either cheering or groaning - mid-semester reports came out last Thursreports came out last Thursday. Hopefully, most students did well on their mid-terms. For graduating students, the formal dance is on May 1, at Ivanhoe Hall. The tickets are \$40 per couple and \$20 single. They are being sold outside the cafeteria at senior lunch. Please remember that tickets are limited. Also, don't forget that college applications are sent soon!

Everybody (and not just graduating students) is invited to attend the school dance on April 22. The dance was originally scheduled on April 2, but was cancelled due to bad weather. The dance is

still a jungle theme, so break out the shorts! Guest passes are available from Mr. Bateman. The CHSS Concert Band will give its annual Spring Concert on May 12, and it's sure to be

the rousing success it always

The CHSS Drama Club will The CHSS Drama Club will present their production of "Still Stands The House" on April 29 and 30. The production is a stirring play about a family caught between the past and the present on the winter swept prairies.

The yearbooks will arrive for students in mid-May.
For more information, keep tuned to CJBQ for the CHSS Report, given Sarah Ketcheson, Kelly Woodcox and Erica Parkin.

#### Over 1,500 students wrote elementary math contests

The 15th Annual Quinte Region Math Contest and the 20th Annual BCIVS Math Contest were written on Tuesday, April 6 in 68 schools (from Kingston to Bowmanville, Cherry Valley to Bancroft, Peterborough to Cloyne). This is a record number of schools, as is the number of schools, as is the number of students entered (1,500). Elementary schools, and individual students from Grades 48 will be competing for plaques, books and certificates (the latter for all competitors). Cash prizes are

cates (the latter for all compe-titors). Cash prizes are donated by the Belleville District Chamber of Commer-ce and District 19 of the Ontarce and District 19 of the Untar-io Secondary School Teachers' Federation. The main sponsor of the contests, since they began in 1973, 4 is National Trust, Front Street, Belleville. The contest itself consists of 27 multiple choice questions worth a total of 200 marks. Usually the top scores range from about 150 for Grade 8 and about 40 for Grade 4.

Papers will be marked by some of the mathematics teachers at Quinte Secondary

Awards will be presented on June 1 at the Education Centre on Ann Street at a ceremony to which all winners, their families and teachers are invited,

Ales and teachers are livited, along with a few directors, etc.
Local schools competing include Madoc Public School and Madoc Township Public School

Local schools competing include Stirling Junior School, Stirling Senior School Foxboro Elementary and Senior School and Frankford Public School.

#### **Members of local Pony Club** to compete in regional quiz

On Saturday April 17, members of several local Pony Clubs will compete at the Central Ontario Region Quiz competition at Napanee High School in Napanee. Pony Clubs from Highlands of Hastings, Napanee, Pineridge and Napanee, Pineridge and Prince Edward County all local to this area, are expected to send competitors to take on members of the other branches from Central Ontario. One hundred and fifty competitors

Pony Club is an international movement for children up to the age of 21, offering a variety of .horse-related activities; It has been established in Canada

In Quiz, Pony Clubbers compete as teams...without horses or ponies. Quiz tests knowledge, not skills. Quiz has three parts: a written test, which each competitor does independently; a visual test where competitors have to identify strange, obscure and unusual objects of a horsey nature by sight, again individually; and an oral test where each team gets to confer before answering - much like

an equestrian version of "Reach for the Top". Each individual's score go toward his or her team's total.

his or her team's total.

There are three divisions in Quiz, based on age and knowledge level. The D level is for the youngest and least experienced children, the C level for the intermediates, and the A/B level for the real experts.

level for the real experts.
The top four competitors among the C's and A/B's qualify for the National Quiz, a two

or three day competition held in the fall. This year, National Quiz will be held in British Columbia. The National teams are made up of Pony Clubbers from a variety of Branches, it helps to promote inter-Branch friendships. Last year Napa-nee Pony Club had three members qualify for the National - Leanne Hicks, Amy Doornekamp and Shelly Doornekamp and Shelly Thomas. Shelly won as over all national champion.

The Heart of Hastings Hospice presented its three winners with their prizes last Tuesday. The first prize winner was Jerry Simzer (second from left) of Trenton. He took home \$3658.50. Second prizes went to Yvon Cloutier

(second from right) and Joyce Pinke, who was absent. Both took home \$219.50. Hospice Fundraising Convenor Lila Booth (left) and President Doris Bush were on hand to present

# Car Dunk winners presented prizes

by Jeff Wilson

The Heart of Hastings Hospice presented the prizes to the three Car Dunk winners last Tuesday. The car broke through the ice on Thursday, April 15 at 1:41 p.m., much earlier than last year when the car fell through 6:57 p.m. on April 22. In the first year of the Car Dunk the car plunged into the water on April 9 at 4:23 p.m. The first prize winner was

water on April 9 at 4:23 p.m.
The first prize winner was
Jerry Simzer of Trenton who
won 30 per cent of the total
amount raised, which was
\$658.50. The two second prize
winners were Yvon Cloutier of
Trenton and Joyce Pinke of
Madoc who both took home

The fundraiser helped raise the hospice \$1,097.50. The Heart of Hastings Hospice offers volunteers to work with palliative care patients. The hospice hopes in the future to purchase a building where

palliative care patients can live and receive care during their last days.

The hospice board members would like to thank Derry's Towing for placing and removing the car from the lake, Bill

Hoyle for installing the clock in the car, Harold Francis for his continued outstanding ticket sales and the Two Loons Restaurant for being the main outlet for ticket sales.

The Car Dunk will return

again next year.

#### "Battle of Atlantic" service to be held at Anglican church

This year has been officially This year has been officially designated as the 50th anniversary of the "Battle of the Atlantic". This epic and prolonged struggle was the longest battle of World War II. It reached its climax in 1943 and lasted until the final close of hostilities in 1945. Thousands of Canadian men directly and indirectly in winning this battle with over 2,000 making the ultimate sacrifice.

sacrifice.
On Sunday, May 2 at 11 a.m.

a Battle of Atlantic Service will be held at St. John the Baptist Anglican Church in Madoc. The Canadian Navy will be represented by Commodore J.E.D. Bell C.D., Commander Canadian Forces Training System from C.F.B. Trenton. Branches in Madoc, Marmora, Tweed and Stirling will be present along with officers and Edleville. All are welcome to attend the service especially anyone with a Naval or Merchant Marine background.

A lively puppy brood: The last time we visited Jackie Johansen she was nursing back to health two dogs she rescued from the streets of Hastings. One of those dogs. Baby, was very much on her way to becoming a mom but was in quite bad health when quardian angel Jackie came her way. Well, after some tender loving care Baby increased in fitness and, as you can see above, has successfully delivered her litter of puppies - an exceptional brood of 13 healthy pupsters!! It has been to say the least, a busy time for Jackie and her daughter, Jacina, looking after the new arrivals. They are now in the process of looking for loving homes for Baby's brood and would love to hear from anyone interested in adopting one of these lovely puppies. Jackie would also like to thank all the people who have helped with donations while she nursed Baby and her son, Ralph, back to health. Anyone interested in the puppies should call Jackie at 686-1252. Jackie will also take part in the "Dog Walk-a-thon" on Armour Hill in Peterborough. The walk-a-thon is being sponsored by Pet Valu and will raise funds for the Humane Society. If you want to make a pledge give her a call. Photo/BillFreeman

#### Former principal fondly remembers Marmora High (wife of the late Leighton by Wilma Brady McGinnis) tells us she and her son Clinton will be here for part of the reunion, especially the July 3 ACW pancake break-fast and UCW luncheon. Her number of interesting

A number of interesting letters and phone calls are being received from past students of Marmora High School who are planning to attend the Reunion between July 1-4.

Dick Gale, of Kingston, tells us his father, Ewart, was principal of Marmora High from 1934-39. Dick said he was curious who knew where he lived since he has moved a lot since 1939 when he left with his father, mother, brother Esson and sister, Helen French.

He informs us Esson is retired and living in Grand Cache, Alberta. Helen Gale; French was recently released from hospital and lives in Elliot Lake.

A recent phone call from Jim

A recent phone call from Jim A recent phone call from Jim Shannon gave us some "early days" information. A pharmacist in Marmora for many years, Jim was the first student to enter the doors of Marmora High. School when it opened in 1920. It no doubt helped that he lived nearby. During his last year at the high school, Jim was hired as caretaker (1923-24) at \$25 a month. When the work became too much for him, Jim sublet

too much for him, Jim sublet the job to Bill Sweet for \$12.50 a

month.

Before his two years at university to become a pharmacist, Jim had to apprentice for three years in Belleville.

The September he began his apprenticeship he was informed by the displeased high school administration he had neglected to "cut the hay."

A letter from Mary McGin-

daughter. Mary Lynd Bray, is looking forward to attending most of the events.

Before he lost his battle with cancer, Leighton McGinnis put Cont'd to page 4A

#### Police seatbelt crackdown aimed at saving lives

Norwood - Local police officers are going to get tough with seatbelt - violators as they launch a seatbelt awareness campaign that will run until the end of the month.

The OPP and municipal police services are pushing

#### Big ball tournament in June to raise funds for Food Bank

The second annual Skybox Men's Three Pitch Softball tournament to aid the Fare Share Food Bank will be held in various local ball parks on the weekend of June 12th and 13th. Organizers are hoping for 32 teams entered in the event which will see games played in Campbellford, Stirling, Springbrook, Warkworth and Havelock. Each team is guaranteed three games with the finals being held in Campbellford Sunday, June 13th. The winning team will receive tickets for an Executive Skybox at the Skydome in Toronto for a Blue Jay game with team transportation and a Skybox hostess provided: The prize is worth over \$2,500.

over \$2.500.

Last year's tournament champions, Franz's Meat Machine from Peterborough, came from behind in the last inning to defeat a Campbellford squad to win an enjoyable September evening at the Skybox. When last seen after the game their van was heading for Don Cherry's Grapevine.

All proceeds from the tournament will be handed over to the Fare Share Food Bank which covers. a large area surrounging Campbellford and Warkworth. Over \$5,000 was donated to Fare Share from last year's fournament and dance.

Share from last year's tournament and dance.

For further information on entries call Gary Torrance at (705)

### Federal NDP leader to host major events during Peterborough visit

Peterborough - Audrey McLaughlin, leader of the federal New Democrat Party, will bost two events when she campaigns in the Peterborough riding May 5.

She will attend a "Women talking with Audrey" luncheon at the Ramada Inn at noon and will participate in a town hall

will participate in a town hall meeting at Kenner Collegiate later that evening (7 pm to 9

Local panelists and the public will have a chance to discuss the New Democrat's "Strategy for a Full-employment for a Policy."

The luncheon provides an

opportunity for the audience to hear Ms McLaughlin speak on women and the economy and to meet informally with her, says local NDP candidate Mery Richards.

"During the town hall meet-ing she will sketch New Demo-crat proposals? for getting Canadians back to work." Mr.

Richards said.
"She is looking forward to a lively exchange of views with panelists and the audeince," he added.

Panelists participating in the town hall meeting will be announced shortly.

Camera bag shy? No way! Turning the tables on the photographer, two of the 13 puppies Jackie Johansen of Hastings is now looking

after take a liking to a camera bag and its accourtements. Even in the canine world, pranksters abound. photo/Bill Freeman

Gardening can be a relaxing hobby if you take it easy.

Rule 1 Don't grow vegetables if they make you feel anxious for results. You might get the feeling you must raise perfect crops, no matter how much you have to work at it. When you are gardening you are not fighting a battle, but rather cooperating

Take it easy. Sit comfortably whether you are digging, culti-vating, or planting At may look vating of planting at may low lazy, but it's your garden. Don't use a spade or a spading fork for digging. Don't try any "double digging." Find, the way that makes it easy for you.

way that makes it easy for you. Perhaps a light trowel, or a short stick that's pointed or an old kitchen knife that, fits comfortably in your hand. If you are planting bulbs, just loosen the soil. Make the hole two - to - several inches deep, put in a bulb, growing-end up, and then, at your own pace, push some soil into the hole covering the bulb.

More Abled Than Disabled

by Barbara Bruce-Pealow

#### Don't Give Up On Gardening

Stop as soon as you feel tired. even if you have planted only one bulb. The point is you've had fresh air, sunshine and you will have the reward of flowers

from that bulb.

Get a packet of seeds of your favorite flower. Scratch the ground with your pointed stick or any other tool that feels comfortable for you to use. Scatter the seeds thinly, even ly, smoothly, slowly, then pat the soil gently with the palm,

or heel, of your hand. It's fun not to wear gloves. There is a certain pleasure in the feel of the soil in your hand. You can

wash up later.
As shoots appear don't pull them. You don't know a weed is a weed until later.

Mary S. of North York says

she was always interested in growing her own vegetables and flowers but being in a wheelchair made it impossible to work the ground. She

etters to the

Gaps in service make life unbearable

Dear Editor:

for many seniors, disabled

brought the ground to her level. She had two planters built at two different heights.

Last year she grew a two-pound tomato and this year she's trying to beat that. Mary's son Rick is in charge of picking tomatoes, green onions, green and yellow beans when they are ripe.

Thought for the Day: Smile at

She grows seed types in the smaller planter and larger plants in the taller planter.

To prepare: Shake out each stalk and head carefully so as stalk and nead carefully so as not to break off head, but care should be taken. To remove brownish scale, wash well in water-warmish water is good, and lift greens up and out of

eaten.

and lift greens up and out of water. Let stand in salted cold water a half hour or so before cooking. Cook in small amount of boiling water only a few minutes until the stalks are tender. Drain. Season with salt and pepper, butter. Add a few drops of vinegar or lemon inice.

We believe that the citizens of Peterborough need to be aware of gaps in service that make life unbearable for many of our senior and disabled people and their families.

One of the major issues facing the families of elderly and disabled people is the scarcity of respite services, especially respite beds. A respite bed is an alternative for families who provide care at home 24 hours a day and who need a break to prevent caregiver burnout and protect the integrity of the family structure. structure.

The respite service provides The respite service provides quality care for the elderly or disabled person and includes assessment, stimulation and other services that will enhance their ability to remain at home. Respite beds can be booked for one to six weeks depending on the circumstances and can be used while the caregiver has a medical the caregiver has a medical emergency, such as surgery, a vacation or even a few days of

rest at home.

In Peterborough at the present time there are only two funded respite beds, both at Civic Hospital. Those two beds are booked well into 1994 which, on the one hand, verifies the need, but on the other hand, provides little encour-

### CMH to introduce discharge program

(EDD).

(EDD).

The purpose of this program is to improve efficiency of bed utilization by alerting the medical staff, patients and families of the average length of stay for various diagnoses. of stay for various diagnoses. This does not necessarily mean that every patient will be ready for discharge on the projected date. It is to be considered as a guideline only. The general principle behind of stay is calculated according to health records data. This information will appear on the chart and also on the patient's bed. If the diagnosis changes while the patient is in hospital, the doctor will note this and record it on the chart, thus changing the EDD.

Benefits of this program will be reflected in facilitating elec-tive admission and assisting patients and families in plan-ning for discharge.

## **Barcovan hosts CNIB** blind golf May 12th

The Barcovan Golf and Country Club in Brighton hosts the 12th annual CNIB Early Bird Golf Tournament Wednesday, May 12th. Blind and sighted golfers have been gathering at this event for the past 11 years. It has proven to be not only a lot of fun but "an eye-opener" for sighted golfers, especially when a blind golfer has the low score in the foursome.

The tournament is a four-ball, four-person team scramble event. The cost of \$100 includes the entry fee, green fees, a barbeque dinner, prizes and a full day of fun. The proceeds of this tournament will go towards supplementing the costs of CNIB services and programs for the 231 clients in Northumberland County.

# the EDD program is that when a patient is admitted to hospi-tal, his or her expected length of stay is calculated according Campbellford Memorial Hospital is implementing a new program May 3rd called "Estimated Discharge Date"

activities.

As a result of the talks, the group is exploring the possibility of a joint debenture issue to lower debenture costs, said Armstrong. The Boards will continue to discuss ways to share staff training and to streamline children's services for the county. As well, she said the group will share more information such as budget processes and background on development charges, development charges

Christine Stewart and MPP Joan Fawcett.

County Warden Doug Galt said "it is no longer satisfactory to operate in isolation from each other," describing the meeting, a follow-up to the one hosted last year by the County, as a means to increase communication and co-

operation.

Armstrong said the discussion at the meeting held at the public school board office in Cobourg focused on the joint use of property, development charges, staff training, duplication of services and coordination of children's activities.

operation.

#### Giant auction to help raise the church roof at Hoard's

It's being called one of the biggest events ever to take place in the usually quiet little community of Hoard's Station. The Grant Auction to take place there Saturday, May 15th is honestly being described as a "raise the roof "function because that's exactly what is intended to do. The auction, to take place at Brown's Garage starting at 6:30 p.m., is designed to raise funds for a new roof at Hoard's United Church.

A talent auction is being planned with opportunities to bid on dimfers, yard work, baking, window cleaning, a load of manure (perhaps'), fishing trips, cance trips, etc. In addition to the talent auction, donnybrook items such as household, appliances, furniture, books and tools will also be auctioned.

The organizing committee will provide free pickup of any

furniture, books and tools will also be auctioned.

The organizing committee will provide free pickup of any items within two weeks prior to the auction. Residents of Campbellford and the surrounding area are urged to look through their attics or basement for items to donate to this worthwhile and fun cause. The Hoard's Giant Auction is also counting on a big turnout for this special "coming of spring"

Refreshments will be sold by Hoard's Sunday School class For further information or to arrange to have your donation picked up contact any of the following: Peter Brown, 653-4950: Lynn Forgrave, 653-2528, Wally Hoard, 653-1025; Ted Blair, 653-1955; Ron Hoard, (613) 295-3573 (evenings only).

#### **Letters To The Editor**

#### Gaps in service make life unbearable Cont'd from page 2A

about community services is that almost 90 per cent of tha care for needy elderly people in their own homes is provided by their family, friends and neighbours, often at great risk to their own personal, emotional and social health

Most of that care is provided by women, some of them find themselves torn between full-time jobs, their own children and grandchildren and their

and grandchildren and their responsibility to their parents. Another group of people in need are older spouses who often become ill because of the care required by a physically or mentally impaired partner.
There is no doubt that, given

a choice, we all would prefer to stay in the familiar setting of our own homes, surrounded by family and friends, However, today, the choices seem limited with funding cuts. hospital and long term care bed reductions and too few

respite services.

There are many people in Peterborough who could use a respite bed NOW.

Sincerely.

Robert Wellstood President Family Counselling Services of Peterborough (for the Board of Directors)

#### Former principal fondly remembers Marmora High

ant d from page 1A

in writing some of his thoughts his days as principal at Marmora High School from 419.60

1 game to teach in Marmo-in September of 1949. At that tene the High School was in the sections, the larger section, "A" on Madoc Street and Section "B" in the Public School Between these two sections was a well-worn path-way. There was a great deal of both hurrying and loitering between the buildings. By the time September 1951

rolled along, a new high school building had been completed on eastern Madoc Street at the edge of the town. This new school had a large gymnasium and a well equipped wood-working shop, science lab and home economics room

The opening day of classes that year was a memorable one as both students and facul-ty explored the building that would be their home-of-learning for the next year or

Halls lined with new metal lockers, floors of glistening terrazo and outside walls lined terrazo and outside walls lined with windows awed each one of us. Over the years the opening day of school was always a special day, but none-compared to that September day in 1951.

day in 1951. Over the years, the school developed its own character as the building and grounds were molded to fit the needs of the students. A new football field was completed and the classrooms and gymnasium facili-ties and equipment were

enhanced.

As I look back over the years that I spent at Marmora High School, what stands out the most is the hundreds of students and staff that I had the good fortune to know

Students in the classroom, in the shop, in the gymnasium or on the football field were each learning things that would help them be better members of society when they left MHS. We may have been students or staff in the classroom, but we all became friends.

#### Festival of Hymns is prelude to Music Festival

special musical tradition prelude continues when the 53rd Northumberland Music 53rd Northumberland Music Festival opens on Sunday, May 2nd with the ever-popular Festival of Hymns taking place at St. Paul's Church, Port Hope, at 7:30 p.m. Choirs from churches throughout the County will be participating. This event is followed by the Festival competition, both vocal and instumental. Sessions will be held from May 10th through May 14th at three

Sessions will be neid from May 10th through May 14th at three locations in Cobourg-Victoria Hall, Trinity United Church and Calvary Baptist Church. One evening session featuring choruses and grand challenge

choruses and grand challenge soloists will take place at Trini-ty United Church May 10th, starting at 7 p.m. Adjudicators for the compet-itions are: Senior Piano-Rick Prichard; Junior Piano-June Richards; Vocal-Ross Metcalf; Brass/Woodwind-Palend White Strings-To be Metcalf: Brass/Woodwing-Roland White; Strings-To be

#### Non-profit service program delivered 2,440 nourishing meals to elderly, homebound

further information

Campbellford/Seymour Meals on Wheels, which amalgamated with Community Care Services, is very pleased to report on the

very pleased to report on the success of the past year.

This non-profit community service was responsible for the delivery of 2,440 hot, nourishing meals to the fragile, elderly and homebound last year. This represents thousands of hours of service by men and This represents thousands of hours of service by men and women who obviously care about their fellow citizens. Their dedication is obvious and ever present. Their reward is the happy smile of the client and the knowledge that secure independence is being maintained for many.

Meals are presently being delivered four days weekly at noon-Tuesday, Wednesday, Thursday and Friday. The dietary staff at Campbellford Memorial Hospital is to commended for their unending patience and assistance to this

patience and assistance to this program

program.

The Ad Hoc Committee continues to meet monthly to ensure that the service runs smoothly and to make plans for the future. The committee consists of representatives from IODE, Kinette, Legion Ladies Auxiliary, Lioness, Rebekah Lodge, Community Care and other interested community members.

While this service has many dedicated volunteers, new ones are always being sought. Occare

are always being sought. Occa-sionally there are meals to be

sionally there are meals to be delivered in the country. This is accomplished usually by one or two people specifically delivering only a few meals. New six-month schedules are presently being drawn up, and we invite any interested men and women to call Community Care at 653-1411 or

### Rotary's GST auction stands for goods, services, talents

The location is the Campbellford Arena and the date is Saturday, May 29th at 7 p.m. for the second annual Rotary. Giant Auction.

Giant Auction.

It might even be referred to as the GST auction with the focus on high-quality goods, services and talents. Among the list of hundreds of items available at the auction are:

Autographed artist-proof Majory print with remarkque;

remarkque:
\* Autographed Eric Lindros
hockey jersey from his Oshawa General junior days;
\* Autographed hockey stick
from Lindros and Mike

Gartner;

\* Elegant dinner for eight, with appropriate wines, in one of Campbellford's most histor-ic and pretty homes. All proceeds from this year's

auction will go to the renova-tion of the Scout Hall in Kennedy Park, a project which will benefit the entire

will benefit the community.

If anyone wishes to donate a high-quality item, or their services or talents, for this worthwhile cause please call Elton Hutchinson at 653-1274 or Theoreton, Waters, at 653-2521. Thornton Waters at 653-2521. They will arrange free pickup and storage of the item. The public may also drop off items

for auction at the old Campbellford Chrysler building (corner of Market and Doxsee) any Saturday from now up to and including May 29th from noon to 3 p.m. A Rotarian will be on hand to help you unload and to receive your donation.

#### **Festival** of Hymns

Cont'd from page 4A

The Grand Concert, featuring the best of the Festival Performances, will take place on Friday, May 21st in Victoria Hall, Cobourg, at 7:30 p.m. Music scholarships will be presented at that time.

Festival programmes can be

presented at that time.
Festival programmes can be purchased in late April at the following locations: Jim's Music Store, Trio's, Clarke Music Centre, Cobourg; Wilkins Flower Shop and Tearoom, Ax Music, Campbellford; Scott's Variety, Warkworth; Lent Travel, Port Hope; Scanlon's Drugstore, Brighton, or at the Festival sessions.

#### NFW & USED APPLIANCE SALE RUNNING TILL **THANKSGIVING** WFFKEND

Over the winter months we have been re-conditioning appliances. We have in stock 80 used refrigerators with new compressors installed. The compressor motor is the most important & expensive part on a refrigerator. We buy compressor motors 100 at a time directly from the manufacturer. This way we can rebuild refrigerators cheaper than our competition. We have just pur-chased 500 used fridges & stoves from a company in Toronto that we have been buying from the last 10 yrs. A lot of these refrigerators are apartment size & 2 door frost-free fridges with matching stoves. We also have 60 matching almond fridge & stove sets, ranging from 2 months old & up. We also have 100 freezers of all sizes & a big selection of washers & dryers, lawn mowers and air conditioners.

Smitty likes competition - it keeps one on their toes & prices in line Smitty says check our competitors out & then come to Smitty's & browse thru our warehouses & see what we have to offer. You are not obligated to buy, just come & see for yourself our very clean & modern appliances. We take trade-ins. We have our own financing with no interest & same day delivery. If you are thinking of buying or selling your appliances, see Smitty just for an

### Police seatbelt crackdown aimed at saving lives

dents still involve ejection from the vehicle seatbelt

Although seatbelt compliance in Ontario has increased by 24.1 per cent in ling up remains staggering," says Sergeant Dale Davis,

Community Services - Cothe past ten years, the countless number of deaths and injuries attributed to not buck-OPP District 8.

Obtaining increased compliance with occupant

restraint laws remains a traffic management priority," Sgt.

Davis says.

Our objective is to reduce deaths, injuries and accidents or to increase behaviour which will contribute to these goals.

The provincial police force's statistics show that in 1992 there were 273 traffic deaths caused by non-use of seatbelts – down from the 1988 figure of the state 347 but still higher than 1991 (258) and 1990 (261).

"We are committed in our support of the National Occup-ant Restraint Program ant Restraint Program (NORP) goal of achieving a 95 per cent compliance rate by the end of 1995," Sgt. Davis said.

To do this, he says, they would have to increase the compliance rate by nearly 11 per cent over the next 33

Wearing a seatbelt simple thing to do," Sgt. Davis says. "It doesn't require any great deal of manual

great deal of manual dexterity. One, two-second snap of the seatbelt buckle can save a life. Better odds than a lifetime of physical injury resulting from an accident - or an early

an accident - or an early grave."

He says that drivers and adult passengers should know enough to buckle up.

"If they're willing to risk scoffing the law, they can suffer the consequences of a \$90 fine." Sgt. Davis adds.
"And there is no excuse when children are involved." he says.

me says.
"Motorists must make sure children travelling with them are buckled up; while infants and toddlers should be properly placed in safety-approved children's seats."

The Ontario Provincial Police will hold a ceremonial service at the Madoc detach-ment on Monday, May 3 at 11 a.m.

a.m. The purpose of the ceremony is to dedicate, a memorial in remembrance of Madoc OPP Constable Andrew Gordon who was killed while on duty on May 3, 1992.

Members of the public are

welcome to attend.

#### Cause of fire not determined.

by Jeff Wilson

The Fire Marshall's Office was unable to determine the was unable to determine the cause of an apartment house fire, citing that the blaze was too advanced to make a deter-mination, according to Madoc Village Fire Chief Roger

Snider.
The fire broke out at approximately 4:30 a.m. at an apart-ment house at 257 St. Lawrence

St. E.

The four apartments in the house were completely gutted.
The Ontario Provincial Police investigation is also now complete, with the Fire Marshall's Office determining no cause of the fire.

The fire began in one of the core apartments, according to

rear apartments, according to Snider and moved across a joust to spread throughout the building.

# **CHSS News**

by Julie Meiklejohn, Nikki White and Roger Streight

CHIC Sports Student Volleyball Challenge took Volleyball Challenge took place on April 15 with the students coming out on top. However, due to the fact that toachers claimed an unfair advantage had been given to the students, a re-match may be scheduled.

The third and final CJBQ Radio Report with news from CHSS was given on Wednes-day, April 21 by Kelly Wood-cox, Erika Parkin and Sarah Ketcheson. We have enjoyed the news they shared with us and will look forward to future

and will look forward to future radio reports in the 1993/94 school year. The Jungle Dance, previous-ly scheduled for Friday, April 2 was held last Thursday. April 22 and was a "wild" success. The theme was to dress in

jungle wear with the cost being \$5 per person or \$4 if dressed according to theme. The final dance of the year is scheduled

for Friday, May 14.

The Annual Graduation
Formal is quickly approaching
as tickets went on sale Friday. April 16 and sold through Tues-April 16 and sold through Tuesday, April 20. The dinner and dance to be held on Saturday, May 1 at the Ivanhoe hall promises to be another great success for the staff and students of Centre Hastings. Dinner at 8 p.m. with the dance until 1 a.m. Come one - Come all to the 1992/93 Drama Club play. The presentation will be all to the 1992/95 Drama Club play. The presentation will be held on Thursday. April 29 and Friday. April 30 at 8 p.m. in the drama room 128 Cost will be \$3/adult and \$1.50/child for admission

Coming up on Monday, May 3 is a CHSS Careers Day. The target, previously aimed at students from grades 10 and 11, has been broadened to include students from all grades throughout the school. For information, students Mrs. Mabo, the more information should see Mrs.

hostess for this event.
On Wednesday night, May 12 at 7:30 p.m. the CHSS gyms 1 and 2 will play host to the annual music program's spring concert. The concert will feature the Grade 10 music clear, the vocal program and will feature the Grade 10 music class, the vocal program, and both the junior and senior Concert Band and the Jazz Ensemble. Soloists will perform throughout the evening. So come out, sit back, relax and enjoy an entertaining and packed program!

Dave Street will be present in the school Wednesday, April 28 to speak to Senior students

regarding careers.

For more information, students should see Mrs.

Mabo. Also, Mandy Bonisteel will be giving morning lectures/ seminar to Senior CHSS students on May 7. Her focusses will include the languages. physical education and sociology Interested students should see Ms. O'Riordan for more information

In School Sports...The Junior Girls Soccer team coached by Mrs. Cooke and the Senior Girls Soccer team coached by Mr. Treanor had their first game of their 1993 soccer season cancelled last Thursseason cancelled last Thursday, April 22 against North Hastings due to inclement weather. The first game was rescheduled for Monday, April 26. The second game for both teams will be April 29 when they visit Trenton.

Girls' Bay of Quinte Gymnastics was held last Friday. April 16 at Quinte Secondary as gymnastics from CHSS, under the coaching expertise of Mrs. C. Higgins and Mrs. B. Hollett, put in another fine showing for the school. Special mention goes out to Nikki Rowland who placed fifth.

### Queensborough Women's **Institute News**

The annual meeting on April 14 of the Queensborough Women's Institute was

women's Institute was attended by 11 members. Members paid their yearly fees and officers were installed.

Dorothy Lees will be Presi dent, Tonny Braden is second Vice-President. The first Vice-President will be chosen at a

later date

Júdith Best will continue her excellent work as Secretary Treasurer

As it was the annual meeting business matters took up a good portion of the evening.

Convenors of various committees were appointed, financial reports were read and a summary of past prog-

rams was given.

A great deal of correspondence was also discussed.

For the social portion of the evening Elaine Gordon presented a program which had been prepared by Monica Ward.

There-was a silent auction for a mysterious pink package Jean Tokley had the high bid The package was found to contain a book on flowers and a

contain a book of nowers and a tea towel set. Next came a quiz on games which was won by Judith Best. Refreshments were served as a productive evening came to a close

Thanks to Bernice Clarke who was the hostess, Roberta Ramsay for the delicious cake and Erika Gammage for the sandwiches
